Sourcing and Recruitment Handbook Jay Tarimala,2020-11-10 The sourcing and recruitment community has come a long way from what it used to be 20 years back and as recently as 5 years back and the amount of technology changes has kept everyone on the tenterhooks The methods that you would adopt or Boolean strings that used to work today may not work tomorrow and there is a constant learning curve to keep oneself updated and also brings a healthy level of competition among individuals eager to show their wares The volume based or niche skills hiring has become a race to the finish The individuals with the super sourcing as well as relationship management skills tend to be more often than not the winners in the end The recruitment community looks to find the needle in the haystack every day to find the right candidate to fulfill the hiring manager mandate The ever bulging stock of search strings productivity tricks and their ways of thinking they implement are a stuff of legend The tools do not make a Sourcer or recruiter but they should always be seen as an assistant to free up their time for more productive conversations with prospective candidates This exercise is an attempt to equip the Talent Acquisition community with the various ways and methods to optimize their time and find the relevant information trends movers and shakers etc to be better prepared to find relevant candidates for their clients internal or external It is by no means an exhaustive list but a start nonetheless *7 Words You Should Know* Ward Anthony Dean,2014-09-26 Seven Words You Should Know Dad s Advice for the Journey Ahead was written to help teens young adults and adolescents grasp profound life principles in an easy to remember uncomplicated way It was also designed to give parents a starting point from which to share lifelong lessons and experiences with their own children as well as build a lasting legacy The author s hope is that the book will be a catalyst for parents and children to come together to create an exchange of wisdom from one generation to another **A Bit Too Much** Johnny Clack, I hated looking for work I hated circling the classifieds I hated the web searches I hated the web job sites I hated the phony resumes I hated the phony interviews What do you think your greatest strength is I got to the highest level of Wolfenstein II The New Colossus How do you think that would help you in this job Hand eye coordination High moral character I killed a lot of bad guys Oh and I killed a few bad women too Um I
