Digital Work in the Planetary Market Mark Graham,Fabian Ferrari,2022-06-14 Understanding the embedded and disembedded material and immaterial territorialized and deterritorialized natures of digital work Many jobs today can be done from anywhere Digital technology and widespread internet connectivity allow almost anyone anywhere to connect to anyone else to communicate and exchange files data video and audio In other words work can be deterritorialized at a planetary scale This book examines the implications for both work and workers when work is commodified and traded beyond local labor markets Going beyond the usual world is flat globalization discourse contributors look at both the transformation of work itself and the wider systems networks and processes that enable digital work in a planetary market offering both empirical and theoretical perspectives The contributors leading scholars and experts from a range of disciplines touch on a variety of issues including content moderation autonomous vehicles and voice assistants They first look at the new experience of work finding that despite its planetary connections labor remains geographically sticky and embedded in distinct contexts They go on to consider how planetary networks of work can be mapped and problematized discuss the productive multiplicity and

interdisciplinarity of thinking about digital work and its networks and finally imagine how planetary work could be regulated
