Living with Algorithms Ignacio Siles, 2023-04-25 A nuanced account from a user perspective of what it s like to live in a datafied world We live in a media saturated society that increasingly transforms our experiences relations and identities into data others can analyze and monetize Algorithms are key to this process surveilling our most mundane practices and to many their control over our lives seems absolute In Living with Algorithms Ignacio Siles critically challenges this view by surveying user dynamics in the global south across three algorithmic platforms Netflix Spotify and TikTok and finds surprisingly a more balanced relationship Drawing on a wealth of empirical evidence that privileges the user over the corporate Siles examines the personal relationships that have formed between users and algorithms as Latin Americans have integrated these systems into the structures of everyday life enacted them ritually participated in public with and through them and thwarted them Sometimes users follow algorithms Siles finds and sometimes users resist them At times users do both Agency lies in the navigation of the spaces in between By analyzing what we do with algorithms rather than what algorithms do to us Living with Algorithms clarifies the debate over the future of datafication and whether we have a say in its development Concentrating on an understudied region of the global south the book provides a new perspective on the commonalities and differences among users within a global ecology of technologies

Making it Personal Tanya Kant, 2020-02-25 Targeted advertisements tailored information feeds and recommended content are now common and somewhat inescapable components of our everyday lives With the help of searches browsing history purchases likes and other digital interactions technological experiences are now routinely personalized Companies with access to this information often downplay the fact that users personal data serves as a key form of monetization and their privacy policies tend to use the terms personalization and customization to legitimize the practice of tracking and algorithmically anticipating users daily movements In Making it Personal Tanya Kant sheds light on the dilemmas of algorithmic personalization exploring such key contemporary questions as What do users really know about the algorithms that guide their online experiences and social media presence And if

personalization practices seek to act on our behalf then how can users constitute retain or relinquish their autonomy and sense of self At the heart of the book are new interviews and focus groups with web users who through a myriad of resistant tactical resigned or trusting engagements encounter algorithmic personalization as part of their lived experience on the web Tanya Kant proposes that for those who encounter it algorithmic personalization creates epistemic uncertainties that can emerge as trust or anxiety produces an ongoing struggle for autonomy between user and system and even has the power to intervene in identity constitution In doing so algorithmic personalization does not just generate filter bubbles for individuals worldviews but also creates new implications for knowledge production the deployment of cultural capital as an algorithmic tactic and above all formations of identity itself Universal UX Design Alberto Ferreira,2016-11-19 Universal UX Design Building Multicultural User Experience provides an ideal guide as multicultural UX continues to emerge as a transdisciplinary field that in addition to the traditional UI and corporate strategy concerns includes socio cultural and neurocognitive concerns that constitute one of the first steps in a truly global product strategy In short multicultural UX is no longer a nice to have in your overall UX strategy it is now a must have This practical guide teaches readers about international concerns on the development of a uniquely branded yet culturally appealing software end product With hands on examples throughout readers will learn how to accurately predict user behavior optimize layout and text elements and integrate persuasive design in layout as well as how to determine which strategies to communicate image and content more effectively while demystifying the psychological and sociopolitical factors associated with culture The book reviews the essentials of cognitive UI perception and how they are affected by socio cultural conditioning as well as how different cultural bias and expectations can work in UX design Teaches how to optimize design using internationalization techniques Explores how to develop web and mobile internationalization frameworks Presents strategies for effectively reaching a multicultural audience Reviews the essentials of cognitive UI perception and the related effects of socio cultural conditioning as well as how different cultural bias and expectations can work in UX design Dear Alex Miranda Seymour,J-P Jones,2025-03-28 Alex is a disaster juggling multiple writing jobs and living paycheque to paycheque in one of the world s most expensive cities London Desperate she applies to write an online advice column for a men s magazine landing the role against all odds After offering some ill fated relationship advice to Ryan she tries to fix her mistake while hiding her identity as his agony uncle The two fall for each other and Alex believes she has finally met the love of her life but Ryan is in love with a lie At the same time Alex is ghost writing the biography of Sir John Fenton a retired Member of Parliament with secrets of his own As her world unravels can she help put Sir John s back together **Billboard** ,2010-07-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Never Ride a Rollercoaster Upside Down Jeff

Bellini,2023-09-19 Can artificial intelligence AI attain human level consciousness And if so should the church minister salvation to AI Through engaging philosophy of mind AI research the cognitive sciences neuroscience and theological anthropology Dr Bellini attempts to answer these questions The hypothesis is if the hard problem of consciousness can be solved and if human consciousness is replicable in AI then attaining artificial general conscious intelligence AGCI is possible and perhaps needs to be evangelized or disciplined as some claim On the contrary if the hard problem of consciousness cannot be solved and human consciousness is not replicable in AI then AGCI is not possible and it does not need to be evangelized And in either case how can the church begin a theological conversation with AI with its potential to match and exceed human intelligence and performance A theological position on consciousness and the image of God is proposed demonstrating the uniqueness of human consciousness in contrast with AI and artificial consciousness A thorough exposition of the image of God is offered to

serve as a cornerstone for any future conversation on a theological perspective of machines AI *John Williamson Nevin* Linden J. DeBie,2023-09-21 John Williamson Nevin's life has never been given the full attention that it deserves That may be due in part to the controversial nature of his thinking Yet in many respects his enormous contribution to American religious history is acknowledged by those who have read him He stood out as the great advocate of evangelical catholicism and his call for a thorough examination of the place of the church in nineteenth century theology was revolutionary It was Nevin who first saw the threat to the church in the erosion of faith in the church as a divine institution sacramentally entrusted by God with the reclamation of the whole world an erosion that occurred well before the Civil War in the hypersubjectivity of Protestant America
