Life Goes Both Ways Willy Vil,2024-08-05 The story *Life Goes Both Ways* is a true story that is about a twenty year old who just finished high school from abroad and moved to the USA without his mom dad and friends Due to the speech impediment life was too difficult for

him When he left he made lots of commitments to his family In the start he felt that everything was going to be easy to the point where he was going to maintain a reasonable life right away Shortly he discovered that things didn t work like that in the United States of America Some types of items ought to be done sooner before you could get yourself situated At foremost he was living with his brother J but things didn t work out nicely between the two of them In a brief time in the country he was out of his brother s home with no place to stay Luckily an elder companion of his promised him to stay in his place until he gets his life in order Therefore he jumped back and forth from position to position until he chose to go to school to construct some modifications in his life He attempted to go to school but it didn t work out for him It wasn t until he met a professor who used to teach French at a university in Paris who showed him some methods about how to write essays in the English language Ever since he observed he was doing very well in school He managed to get his associate s in business entrepreneurship but then quit going to college After a few years he met his wife and they had three boys together and bought a house Due to union obligations and taking care of the children he couldn t afford to go back to school His life was focused on the children s education and work After the children graduated from college and had successful careers he decided to go back to school to finish what he started After fifty plus years during COVID time he went back to school and managed to graduate with honors He went to Purdue University Global where he got himself a degree in business administration He was an exceptional student too Information in the book showcased that life went both ways At certain times in life there would be no way out other times things would be floating smoothly At first the future didn t appear very good for the young man in this country With hard work commitment and the support of a few good people he managed to adjust certain things and at last create an exorbitant life for himself Things were challenging at the beginning but he turned a bunch of negative stuff into positive ones Nevertheless I think that we need good tutors to teach us about the facts of life In that case our parents are the ideal ones After all I believe very strongly that we should listen to our mom and dad more often because their words contain valuable lessons to teach us

The Brains and Brawn Company: How Leading Organizations Blend the Best of Digital and Physical Robert Siegel, 2021-07-27 A Top Financial Times Recommended Business Book The Brains and Brawn Company is the grounded clear sighted guide you need to blend digital and traditional business functions for long term competitive advantage Business leaders are continually told they need to embrace digital disruption wholeheartedly to thrive in the 21st Century Legacy companies we hear are all doomed to fail unless they double down on the latest digital innovations and disruptors are ordained to take over the world Digital innovation is the answer to everything False Nothing in life or business is ever that simple In The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical venture capitalist and Stanford Business School lecturer Robert Siegel brings the digital innovation conversation back down to earth He shows that while important digital is only part of the answer and it s never the only answer The vast majority of successful leaders from both incumbents and disruptors focus as

much on things like logistics manufacturing and distribution as they do on digital innovation In fact many established companies are successfully countering young upstarts in other creative ways and many new organizations are learning from their older brethren Siegel shows how to create lasting profits and growth in the smartest way possible by creating a solid partnership between digital innovation and traditional business operations in other words by marrying brains and brawn He lays out the core competencies that today's industry leaders have mastered and explains how Charles Schwab uses cutting edge analytics to better serve millions of investors without violating its original code of values Align Technology transformed orthodontia by developing creative new business models along with new products Kaiser Permanente taps into the power of empathy to improve patient satisfaction while controlling costs Instacart balances ownership and partnerships to balance the needs of four key constituencies Target Best Buy and Home Depot found different ways to blend the best aspects of physical retail with innovative e commerce Desktop Metal is innovating high volume yet affordable production methods that can revolutionize manufacturing Filled with original research and case studies of Daimler 23andMe Instacart AB InBev Google and many other companies The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical provides practical proven insights and advice for bridging the gulf between digital vs physical disruptor vs incumbent startup world vs Fortune 500 and tech culture vs industrial culture The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical provides everything you need to set your company apart from your competitors in real and measurable ways and take the lead in your industry for years to come **Management**
