

THE 50 COMPANIES WITH THE BEST CUSTOMER SERVICE

METHODOLOGY

Qualtrics' Customer Service Index (CSI) is a comprehensive, data-driven metric that measures customer service performance across a wide range of industries. The CSI is based on a proprietary survey methodology that asks customers to rate their experience with a company's customer service on a scale of 1 to 10. The survey covers a variety of factors, including the speed of service, the quality of the service, the ease of doing business with the company, and the overall satisfaction with the company's customer service. The CSI is calculated by averaging the scores for each company across all of the factors measured. The resulting score is then compared to the scores of other companies in the same industry to determine the company's relative performance. The CSI is a powerful tool for companies looking to improve their customer service and for consumers looking to find the best companies to do business with.
