How to Make Money on eBay - Maximize Profits Jill B., 2014-11-08 Secrets of a 16 year Full Time Seller and Pioneering Power Seller. Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is. I have made a full time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through and survived many economic booms and busts. I am now moving further into the countryside and semi retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay, including my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. This book is NOT for eBay novices. This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US based sellers. This book is NOT a get rich quick scheme. Selling on eBay is easy. But it can also be hard. If

everyone could get rich selling on eBay everyone would be doing it I will not build castles in the air for you I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers I will not give you a list of toys and tell you to go on Craigslist to find them I will not claim that I work two hours a day selling on eBay and make thousands a month Come ON Get real Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees regardless of past performances Instead I will give you the TOOLS to help you find products and to TOOLS to help you maximize your profits on eBay Unlike other eBay authors I do not recommend buying stock wholesale to resell on eBay I will explain why in this book I do not look for items to sell at garage sales or storage auctions Finding a niche market is great but I will show why you do not need to have a niche to make money on eBay Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples Kohl s Target and MORE SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART I provide many tools secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times Are you ready to maximize your profits Buy This Book Today **Top Ways to Save Money on All Essentials** MWKarloicz, This E Book will show you how to save money on just about all of your essentials From Mortgages to car loads to credit cards and more *Selling the Price Increase* Jeb Blount, 2022-06-15 A practical guide for successfully navigating the single greatest growth and profit improvement opportunity for B2B enterprises price increases The payoff for implementing price increases without losing customers is massive Effective price increase campaigns are far more effective at boosting topline revenue and generating profits than acquiring new customers The problem is that price increase initiatives whether broad based or targeted to specific accounts strike fear and anxiety into the hearts of sales professionals and account managers who are tasked with selling them to their customers Approaching customers with price increases sits at the tip top of the pantheon of things salespeople hate to do because they fear that raising prices will reduce sales volume or open the door to competitors Yet when sold effectively customers accept price increases remain loyal and often buy even more In *Selling the Price Increase The Ultimate B2B Field Guide for Raising Prices Without Losing Customers* celebrated sales trainer Jeb Blount reveals the strategies tactics techniques and frameworks that allow you to successfully master price increase initiatives From crafting effective price increase messages to protecting hard won relationships handling common objections and making the case for the value you deliver this comprehensive guide walks you through each step of the price increase sales process In each chapter you ll find practical exercises designed to help you master the *Selling the Price Increase* system As you dive into these powerful insights and with each new chapter you ll gain greater and greater confidence in your ability to successfully engage customers in price increase conversations You ll learn How to navigate multiple price increase scenarios broad based targeted non negotiable negotiable defending presenting and asking The eight price increase narratives and three drivers of customer price increase acceptance How to neutralize and get past the five big price increase fears and anxieties How to
