Paul Boyer

Icloud College Rankings This Week:

College Rankings Exposed Paul Boyer,2004 Argues that information about college ranking systems should be made available to students and parents *College Rankings* ,2002 **College Rankings** Luke Myers,Jonathan Robe,2009 Today college quality rankings in news magazines and guidebooks are a big business with tangible impacts on the operation of higher education institutions The college rankings published annually by U S News and World Report U S News are so influential that Don Hossler of Indiana University derisively claims that higher education is the victim of management by the magazine How did academic quality rankings of colleges and universities become so powerful in higher education A review of their historical development in the first section of this study may surprise many readers While college professors and administrators alike largely decry rankings today their origin lies in academia itself Begun as esoteric studies by lone professors college rankings development into the most popularly accepted assessment of academic quality was fueled by the very institutions of higher education they now judge While the purpose and design of academic quality rankings has evolved during the century since their creation their history teaches one clear lesson college rankings fill a strong consumer demand for information about institutional quality and as such are here to stay for the foreseeable future Various approaches to college rankings have different benefits and each is subject to legitimate criticism all of which should be seriously considered in light of the powerful effects that a widely distributed ranking can have on institutions of higher education and the students seeking to enter them Sections II and III will explore these aspects of college rankings respectively In light of the historical lessons revealed in Section I however movements that seek to reform college rankings should be focused on producing better rankings rather than on trying to eliminate or ignore them Section IV will survey multiple new indicators of academic quality that many view as potential improvements over the indicators upon which current college rankings are based Contains 2 figures 6 tables and 116 endnotes *College Rankings Exposed* Paul Boyer,2003 Argues that information about college ranking systems should be made available to students and parents **Academic Quality Rankings of American Colleges and Universities** David S. Webster,1986 *Best 331: College Rankings* , Princeton Review Inc presents a ranking of colleges in the United States for the current year The ranking takes into consideration the schools academics staff facilities as well as college life issues such as food and dorms Users can view the rankings by category **College Rankings** Reed Karaim,CQ Press,2015 The annual rankings of America s colleges and universities such as those published by U S News World Report have become a significant force in U S higher education The rankings have been increasingly influential in shaping the reputation of colleges and universities and swaying students choices for admission Being rated a top tier school can bring an institution more recognition donations and qualified applicants while a low ranking can discourage good students from applying Some lower ranked schools have tried to game the system to move up in the rankings by changing admissions policies or distorting spending priorities Critics question the validity of the criteria used to create the rankings

and argue that colleges seeking a higher score have been too quick to shape their policies in ways that hurt students. Supporters counter that the rankings provide consumers useful information in an area with few impartial measures of quality.
