60 Ways to Lower Your Blood Sugar Dennis Pollock, 2021-01-01 It is projected that in 50 years one American in three will be diabetic. Many today are well on their way to becoming a sad statistic in the war on obesity, high blood sugar, and the related diseases including diabetes that can result from a diet that is seriously out of whack. Now Dennis offers readers the next step in the battle: 60 practical ways to manage their blood sugar without resorting to a bland, unsatisfying diet of turnips and tuna fish. In this step-by-step, change-by-change plan, readers will learn how to reduce their intake of carbs, exercise more effectively, shed excess weight, and must have a book for readers serious about regaining their health while also lowering their weight and increasing their energy.

The New 500 Low-Carb Recipes Dana Carpender, 2018-12-04 Since its publication over 15 years ago, *500 Low Carb Recipes* has become a classic in the low carb community, earning author Dana Carpender the affectionate moniker "low carb queen" from her fans. The book is now a bestseller with over half a million copies sold. Low carb cooking has evolved. A decade ago, low carb menus relied on ingredients like artificial sweeteners, unhealthy vegetable oils, protein additives, and processed foods from grocery store shelves, like low carb branded snack bars and packaged meals. Today's low carb cooking is influenced by larger food movements, such as clean eating, farm-to-table ingredients, higher fat ratios, thanks to the popularity of ketogenic diets, and less stigmatization of foods that have substantial inclusion in a low carb diet, namely animal foods and saturated fat, due to the growth of the Paleo and traditional foods movements. *The New 500 Low Carb Recipes* is the beloved cookbook updated for today's low carb movement.
