L. Black, Michael Johns, 2016-04-14 This book examines the crisis in Ukraine tracing its development and analysing the factors which lie behind it It discusses above all how the two sides have engaged in political posturing accusations escalating sanctions and further escalating threats arguing that the ease with which both sides have reverted to a Cold War mentality demonstrates that the Cold War belief systems never really disappeared and that the hopes raised in the aftermath of the collapse of the Soviet Union for a new era in East West relations were misplaced The book pays special attention to the often ignored origins of the crisis within Ukraine itself and the permanent damage caused by the fact that Ukrainians are killing Ukrainians in the eastern parts of the country It also assesses why Cold War belief systems have re-emerged so easily and concludes by considering the likely long term ramifications of the crisis arguing that the deep rooted lack of trust makes the possibility of compromise even harder than in the original Cold War

Palestine, the Right of Return Paul M. Bergstrom,2010-07-01 Palestine The Right of Return is a must read novel that addresses several critical issues facing world leaders who seek a solution to the almost century long Arab Israeli conflict The Balfour Declaration issued in 1917 set the conflict in motion Mr Bergstrom s story albeit fiction should be required reading for anyone hoping to understand the current stalemate Mr Bergstrom defines a path to lasting peace via a single state solution Further he highlights the problems created by America s well meaning but one sided intervention on the side of Israel in the peace negotiations Mr Bergstrom argues that Palestine s future will not be found in an agreement that divides Palestine into two equally or unequally aggrieved states further asserting that peace can only come from the efforts of the primary stakeholders those who will benefit or suffer most immediately through any resolution The United States Hamas Hezbollah Iran Lebanon and other interested parties must stand aside Mr Bergstrom concludes that the people of Palestine itself own the problem and they must join together if a workable solution is to be created
