Return of the Observer

Marquez Price, 2024-04-26 *Return of the Observer* is a book that offers insightful observations of the world exploring diverse topics and perspectives to provide readers with a thought provoking journey through the complexities of our shared human experience. The title connects in reference to Marquez Price's second bestselling poetry book *From the Observer to the Observed* in that a writer starts out as a writer through observation and then becomes the observed once their writing is recognized. Marquez Price returns as the observer with the release of his first book of essays in a new genre Loose-leaf Version for Quantitative Literacy. Bruce Crauder, Benny Evans, Jerry Johnson, Alan Noell, 2014-12-26 I finally understand why I need to learn some math, says a student after finishing a course that used *Quantitative Literacy*. That enthusiastic response gets to the heart of how this remarkable textbook works. *Quantitative Literacy* shows students that they use math in their everyday lives more than they realize and that learning math in real world contexts not only makes it easier to get better grades but prepares them for decisions they'll face about money, voting and politics, health issues and much more. The authors draw on a wide range of examples to give students basic mathematical tools from sports to personal finance to sociopolitical action to medical tests to the arts with coverage that neatly balances discussions of ideas with computational practice.

The American Game S. L. Price, 2025-05-20 From the master of new journalism who always hits it over the fence *New York Times* and one of the finest writers on sports anywhere *USA Today*, the scintillating story of lacrosse, the game invented by the Haudenosaunee, played with more passion than any other that stubbornly mirrors America's ongoing struggle with inclusivity. Nearly a millennium ago Native Americans created lacrosse as a means of training warriors and settling disputes. Co-opted by whites in the late 1800s, played for a century largely at elite east coast colleges, over the past thirty years lacrosse has exploded around the world becoming the fastest growing sport in the U.S. while exposing the fault lines of prejudice and privilege that continue to dog its image. At the same time the spiritual nature and dazzling style of the Native game has been elevated to center stage as the brilliant Haudenosaunee Iroquois play as a nation unto themselves, maintaining their deep traditions and hoping for inclusion in the 2028 Olympics. Based on seven years of research and observation and crafted with consummate skill, *The American Game* takes readers inside a unique cultural landscape that nonetheless reflects the wider world. Fluidly weaving in compelling action on the field from World Championships to tense NCAA tournaments, Price also chronicles the controversies and anomalies that have in many ways defined lacrosse. Racism stubbornly persists and the Haudenosaunee have endured plenty in their rise, yet few mainstream entities have done more than lacrosse to champion the Native American experience. The Duke rape case and the murder of Yeardeley Love still resonate, reinforcing the sport's elite, lachrymose image, yet women remain the core force powering its astonishing boom. Lacrosse's longtime link with Wall Street endures but its bond with elite military service is just as remarkable. Price introduces legendary individuals from Jim Brown, some say he was even better at lacrosse than football, Black superstar Kyle Harrison, and the brilliant Iroquois stickman Lyle Thompson to famed coaches Lars Tiffany and Kelly Amonte Hiller and Onondaga

faithkeeper Oren Lyons All of them and all who play the game pay homage to the mystical qualities of the lacrosse stick which American coaching icon Bill Tierney calls the thing that makes you special A masterpiece of narration and investigation The American Game is the powerful story of a sport that perhaps more than any other captures the complexity of America in its ongoing effort to achieve a more perfect union **Moon North Carolina** Jason Frye,2019-06-04 From the Outer Banks to Asheville discover the best of the Tar Heel State with Moon North Carolina Inside you ll find Flexible itineraries including scenic drives along the Blue Ridge Parkway a weekend in Great Smoky Mountains National Park and getaways to Asheville Raleigh Durham and Charlotte Strategic advice designed for hikers beach goers foodies wildlife watchers and more The top local experiences Explore the gardens of the Biltmore Estate check out the art museum in Raleigh or kick back with a craft beer at an outdoor concert in Wilmington Escape to the Outer Banks for a glimpse of wild horses historic lighthouses and remote islands Tap your foot to live bluegrass and dig in to famous North Carolina barbecue Outdoor activities Hike to waterfalls or challenge yourself to climb the highest peaks in Great Smoky Mountains National Park Kayak around Kitty Hawk whitewater raft in the wild Nantahala River Gorge hang glide or spend a day fly fishing Expert tips from North Carolina local Jason Frye on when to go how to get around and where to stay from rugged campgrounds to historic inns and beachside B Bs Full color photos and detailed maps throughout Thorough background on the landscape climate wildlife and local culture With Moon North Carolina s expert advice and local insight you can find your adventure Focusing on the mountains Check out Moon Asheville the Great Smoky Mountains Can t get enough of the beach Try Moon North Carolina Coast [Moon Southern Italy: With Sicily, Puglia, Naples & the Amalfi Coast](#) Linda Sarris,Laura Thayer,Moon Travel Guides,2025-03-11 From the pastel rooftops of Positano to the soaring peak of Mount Etna immerse yourself in la dolce vita with Moon Southern Italy Inside you ll find Flexible itineraries for exploring the best of Southern Italy including Naples Pompeii Sicily Puglia Naples the Amalfi Coast and more that can be combined for a longer trip Must see highlights and unique experiences for any season Dive into the art museums and traditional theater of Palermo s Centro Storico and admire the Baroque monuments and carved churches of Lecce Walk the frozen in time streets of Pompeii and marvel at the captivating Cathedral of Amalfi Take an off road Jeep tour of Mount Etna or hike along the coastline Soak up the sun on a secluded beach or sail the crystal clear Mediterranean waters The best local flavors Stroll quiet village streets where the scent of Sunday ragu fills the air feast on fresh seafood from a bustling outdoor market and chow down on authentic Neapolitan pizza Sip limoncello on a sunny terrace or sample wines from the mineral rich local vineyards Expert suggestions from local authors Laura Thayer and Linda Sarris on where to stay what to eat and how to get around Full color photos and detailed maps throughout Background information on the landscape history and cultural customs plus an Italian phrasebook With Moon s practical tips and local insight on the best things to do and see you can experience the very best of Southern Italy Exploring more of Italy Check out Moon Sicily or Moon Rome Florence Venice About Moon Travel Guides
