Supporting Online Students Anita Crawley, 2012-01-31 *Supporting Online Students* shows how effectively and efficiently delivered support services improve academic success and course retention for online learners. Drawing on a decade's worth of research, Anita Crawley describes the scope of services from admissions and registration to advising and student engagement. The book includes guidelines and standards, planning and implementation, innovative practices, and describes specialized services needed by particular online student groups. Effective student support is the single most important factor in sustaining high quality online learning programs. Anita Crawley presents the most effective guide to achieving that success. Her book is a blueprint for building thriving online programs through comprehensive student support. Ray Schroeder, director, Center for Online Learning Research and Service, University of Illinois Springfield. As distance learning continues to grow, this book addresses the often neglected other side of the coin: online student services. This book provides a great introduction and overview of the research literature and innovative practices for planning, implementing, and evaluating support services for online learners. George Steele, director, eStudent Services, OhioLearns. Anita Crawley has crafted a splendid volume on a topic of increasing importance in contemporary higher education. Her book promises to be the foundational piece for those who work with students in an online environment. Her thinking and analysis are superb and undoubtedly will provide the basis upon which to develop online programs and services in the future. John H. Schuh, Distinguished Professor of Educational Leadership and Policy Studies, Emeritus, Iowa State University. Bringing together extensive examples of innovative practices, summaries of current research, and a wealth of experience in student services, Anita Crawley's comprehensive guide to supporting online students is a rich resource for institutions with existing, growing, or new online programs. Department of Veterans Benefits,1957 *The Meritocracy Trap* Daniel Markovits,2019-09-10 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When *The Meritocracy Trap* reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the American people The Rotarian ,1939-02 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine **Bradstreet's** ,1915 **Princeton Alumni Weekly** Jesse Lynch Williams,Edwin Mark Norris,1986 Flue-cured Tobacco George Raymond Rockwell,1952 **American Druggist** ,1927 **Kiplinger's Personal Finance** ,1993-01 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics InfoWorld ,1983-04-25 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects Ebony ,1980-08 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Best 143 Business Schools** Nedda Gilbert,Princeton Review (Firm),2004 Our Best 357 Colleges is the best selling college guide on the market because it is the voice of the students Now we let graduate students speak for themselves too in these brand new guides for selecting the ideal business law medical or arts and humanities graduate school It includes detailed profiles rankings based on student surveys like those made popular by our Best 357 Colleges guide as well as student quotes about classes professors the social
