Winegard, 2020-07-07 The instant New York Times bestseller An international bestseller Hugely impressive a major work NPR A pioneering and groundbreaking work of narrative nonfiction that offers a dramatic new perspective on the history of humankind showing how through millennia the mosquito has been the single most powerful force in determining humanity's fate Why was gin and tonic the cocktail of choice for British colonists in India and Africa What does Starbucks have to thank for its global domination What has protected the lives of popes for millennia Why did Scotland surrender its sovereignty to England What was George Washington's secret weapon during the American Revolution The answer to all these questions and many more is the mosquito Across our planet since the dawn of humankind this nefarious pest roughly the size and weight of a grape seed has been at the frontlines of history as the grim reaper the harvester of human populations and the ultimate agent of historical change As the mosquito transformed the landscapes of civilization humans were unwittingly required to respond to its piercing impact and universal projection of power The mosquito has determined the fates of empires and nations razed and crippled economies and decided the outcome of pivotal wars killing nearly half of humanity along the way She only females bite has dispatched an estimated 52 billion people from a total of 108 billion throughout our relatively brief existence As the greatest purveyor of extermination we have ever known she has played a greater role in
