Smart Home Hacks Gordon Meyer, 2004-10-25 So much of what is commonplace today was once considered impossible or at least wishful thinking Laser beams in the operating room cars with built in guidance systems cell phones with email access There s just no getting around the fact that technology always has and always will be very cool But technology isn t only cool it s also very smart That s why one of the hottest technological trends nowadays is the creation of smart homes At an increasing rate people are turning their homes into state of the art machines complete with more switches sensors and actuators than you can shake a stick at Whether you want to equip your home with motion detectors for added security install computer controlled lights for optimum convenience or even mount an in home web cam or two purely for entertainment the world is now your oyster Ah but like anything highly technical creating a smart home is typically easier said than done Thankfully Smart Home Hacks takes the guesswork out of the process Through a seemingly unending array of valuable tips tools and techniques Smart Home Hacks explains in clear detail how to use Mac Windows or Linux to achieve the automated home of your dreams In no time you ll learn how to turn a loose collection of sensors and switches into a well automated and well functioning home no matter what your technical level may be Smart Home Hacks covers a litany of stand alone and integrated smart home solutions designed to enhance safety comfort and convenience in new and existing homes Kitchens bedrooms home offices living rooms and even bathrooms are all candidates for smart automation and therefore are all addressed in Smart Home Hacks Intelligently written by engineering guru and George Jetson wannabe Gordon Meyer Smart Home Hacks leaves no stone unturned From what to purchase to how to use your remote control it s the ultimate guide to understanding and implementing complete or partial home automation Home Networks Monthly Newsletter ,

Hot Billionaire's Club Rachel Foster, Nathan is a billionaire and owns clubs in all the big cities in America He makes most of his money by what happens in the basement of each club Millionaires and billionaires pay a lot of money to have sex with prostitutes without anyone ever finding out Nathan has been watching a girl named Lily dance with friends at one of his clubs for a month now and he wants her badly When he finds out she needs extra money he offers her a job in the basement

Beyond the Library of the Future Bruce A. Shuman, 1997-03-15 With insightful comments from a variety of sources and a generous dose of humor Shuman builds fictional scenarios that are guaranteed to get librarians thinking What if Eight new scenarios explore such developments as virtual reality robots time travel computer viruses security and more all within the context of the public library or cybrary as the author calls it Written in a conversational tone the book is intended to stimulate discourse and exploration of issues Current trends are carefully woven into each scenario as Shuman investigates issues surrounding the library s role in the future A list of quotations about the future and an extensive bibliography for further reading conclude the work This book is a sequel to not a revision of Shuman s previous work The Library of the Future Like its predecessor it is entertaining and thought provoking a great read for librarians library administrators and
