AI Will Take Your Job, and It's for the Best Jeff Schatten, Teresa Aires, 2025-04-17 AI Will Take Your Job and It's for the Best examines how AI will free people from mundane tasks allowing them to pursue more meaningful and creative roles It's more than a forecast it's a guide to thriving in the age of AI and embracing the radical new social contract it requires The Political Philosophy of AI Mark Coeckelbergh, 2022-01-31 Political issues people care about such as racism climate change and democracy take on new urgency and meaning in the light of technological developments such as AI How can we talk about the politics of AI while moving beyond mere warnings and easy accusations This is the first accessible introduction to the political challenges related to AI Using political philosophy as a unique lens through which to explore key debates in the area the book shows how various political issues are already impacted by emerging AI technologies from justice and discrimination to democracy and surveillance Revealing the inherently political nature of technology it offers a rich conceptual toolbox that can guide efforts to deal with the challenges raised by what turns out to be not only artificial intelligence but also artificial power This timely and original book will appeal to students and scholars in philosophy of technology and political philosophy as well as tech developers innovation leaders policy makers and anyone interested in the impact of technology on society The Master Guide to Controllers' Best Practices Elaine Stattler, Joyce Anne Grabel, 2020-06-15 The essential guide for today's savvy controllers Today's controllers are in leadership roles that put them in the unique position to see across all aspects of the operations they support The Master Guide to Controllers Best Practices Second Edition has been revised and updated to provide controllers with the information they need to successfully monitor their organizations internal control environments and offer direction and consultation on internal control issues In addition the authors include guidance to help controllers carry out their responsibilities to ensure that all financial accounts are reviewed for reasonableness and are reconciled to supporting transactions as well as performing asset verification Comprehensive in scope the book contains the best practices for controllers and Reveals how to set the right tone within an organization and foster an ethical climate Includes information on risk management internal controls and fraud prevention Highlights the IT security controls with the key components of successful governance Examines the crucial role of the controller in corporate compliance and much more The Master Guide to Controllers Best Practices should be on the bookshelf of every controller who wants to ensure the well being of their organization In addition to their traditional financial role today's controllers no matter how large or small their organization are increasingly occupying top leadership positions The revised and updated Second Edition of The Master Guide to Controllers Best Practices provides an essential resource for becoming better skilled in such areas as strategic planning budgeting risk management and business intelligence Drawing on the most recent research on the topic informative case studies and tips from finance professionals the book highlights the most important challenges controllers will face Written for both new and seasoned controllers the Guide offers a wide range

of effective tools that can be used to improve the skills of strategic planning budgeting forecasting and risk management The book also contains a resource for selecting the right employees who have the technical knowledge analytical expertise and strong people skills that will support the controller s role within an organization To advance overall corporate performance the authors reveal how to successfully align strategy risk management and performance management In addition the Guide explains what it takes to stay ahead of emerging issues such as healthcare regulations revenue recognition globalization and workforce mobility As controllers adapt to their new leadership roles and assume more complex responsibilities The Master Guide to Controllers Best Practices offers an authoritative guide to the tools practices and ideas controllers need to excel in their profession

Not Fair Lars Osberg,2025-10-28 Not Fair offers a fresh perspective on the barriers to true equal opportunity in Canada Challenging the conventional focus on labour market earnings this book examines both sides of GDP income from labour and income from capital highlighting the critical role of inherited wealth in sustaining Canada s financial aristocracy of great family fortunes Through a compelling exploration of both upward and downward social mobility the book reveals the hidden mechanisms that reinforce inherited privilege and the persistent barriers to change Challenging the myth of a meritocratic society Not Fair makes a compelling case for systemic reform calling not only for expanded opportunities but also for a stronger social safety net to mitigate the realities of downward mobility With a sharp focus on taxation of large inheritances the vital role of unions and the impact of progressive social policies this book presents a powerful call to action for a fairer more just economy Engaging and thought provoking it is essential reading for anyone concerned about the future of economic equality in Canada
