Challenging the Boycott, Divestment and Sanctions (BDS) Movement Ronnie Fraser, Lola Fraser, 2023-02-13 *Challenging the Boycott Divestment and Sanctions BDS Movement* focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat

posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different. The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel. Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures. The rise of antisemitism within academia and wider society is also examined. This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history.

But Penn's exile comes to an end when a brawl at a Mississippi rap festival triggers a bloody mass shooting one that nearly takes the life of his daughter Annie. As the stunned cities of Natchez and Bienville reel antebellum plantation homes continue to burn and the deadly attacks are claimed by a Black radical group as historic acts of justice Panic sweeps through the tourist communities driving them inexorably toward a race war. But what might have been only a regional sideshow of the 2024 Presidential election explodes into national prominence thanks to the stunning ascent of Robert E Lee White a Southern war hero who seizes the public imagination as a third party candidate. Dubbed the Tik Tok Man and funded by an eccentric Mississippi billionaire Bobby White rides the glory of his Special Forces record to an unprecedented run at the White House one unseen since the campaign of H Ross Perot. To triumph over the national party machines Bobby evolves a plan of unimaginable daring. One fateful autumn weekend with White set to declare his candidacy in all fifty states the forces polarizing America line up against one another Black vs white states vs the federal government democracy vs Fascism. Teaming with his fearless daughter now a civil rights lawyer and a former Black Panther who spent most of his life in Parchman Prison Penn tears into Bobby White's pursuit of the Presidency and ultimately risks a second Civil War to try to expose its motivation to the world before the America of our Constitution slides into the abyss. In *Southern Man* Greg Iles returns to the riveting style and historic depth that made the Natchez Burning trilogy a searing masterpiece and hurls the narrative fifteen years forward where America itself teeters on the brink of anarchy.

The Quiet Before Gal Beckerman, 2022-02-15 A NEW YORK TIMES

NOTABLE BOOK NEW YORK TIMES EDITORS CHOICE An elegantly argued and exuberantly narrated The New York Times Book Review look at the building of social movements from the 1600s to the present and how current technology is undermining them A bravura work of scholarship and reporting featuring amazing individuals and dramatic events from seventeenth century France to Rome Moscow Cairo and contemporary Minneapolis Louis Menand author of The Free World We tend to think of revolutions as loud frustrations and demands shouted in the streets But the ideas fueling them have traditionally been conceived in much quieter spaces in the small secluded corners where a vanguard can whisper among themselves imagine alternate realities and deliberate about how to achieve their goals This extraordinary book is a search for those spaces over centuries and across continents and a warning that in a world dominated by social media they might soon go extinct Gal Beckerman an editor at The New York Times Book Review takes us back to the seventeenth century to the correspondence that jump started the scientific revolution and then forward through time to examine engines of social change the petitions that secured the right to vote in 1830s Britain the zines that gave voice to women s rage in the early 1990s and even the messaging apps used by epidemiologists fighting the pandemic in the shadow of an inept administration In each case Beckerman shows that our most defining social movements from decolonization to feminism were formed in quiet closed networks that allowed a small group to incubate their ideas before broadcasting them widely But Facebook and Twitter are replacing these productive private spaces to the detriment of activists around the world Why did the Arab Spring fall apart Why did Occupy Wall Street never gain traction Has Black Lives Matter lived up to its full potential Beckerman reveals what this new social media ecosystem lacks everything from patience to focus and offers a recipe for growing radical ideas again Lyrical and profound The Quiet Before looks to the past to help us imagine a different future *Make a TikTok*
