METRIC HANDBOOK PLANNING AND DESIGN DATA

FOURTH EDITION

Metric Handbook 4th Edition

Joacim Rocklöv

Metric Handbook 4th Edition:

Metric Handbook David Littlefield, 2008-01-28 Take a look at the dedicated microsite for free sample content architecturalpress.com/the-metric-handbook Originally devised as a guide for converting from imperial to metric measurements The Metric Handbook has since been totally transformed into the major handbook of planning and design data for architects This new edition has been updated to account of the most recent changes to regulation and practice in particular the increasing emphasis on environmental legislation to meet the needs of the modern building design professional The Metric Handbook deals with all the principal building types from airports factories and warehouses offices shops and hospitals to schools religious buildings and libraries For each type the book gives the basic design requirements and all the principal dimensional data as well as succinct guidance on how to use the information and what regulations the designer may need to be aware of As well as buildings the Metric Handbook deals with broader aspects of design such as materials acoustics and lighting and general design data on human dimensions and space requirements The Metric Handbook is a unique authoritative reference for solving everyday planning problems It has sold well over 100 000 copies worldwide to successive generations of architects and designers this is a book that truly belongs on every design office desk and drawing board

Metric Handbook David Littlefield, 2012 For each building type the book gives basic design requirements principal dimensional data and details of relevant building regulations The book also contains information on broader aspects of design applicable to all building types such as materials acoustics and lighting and data on human dimensions and space requirements Significantly updated the new edition of this work focuses on sustainable design practice to make projects competitive within a green market

Spon's Architects' and Builders' Price Book 2014 Davis Langdon, 2014-10-09 The beginnings of recovery Some materials costs are rising and so are direct labour costs *Spon's Architects and Builders Price Book 2014* gives you the total picture *Spon's Architects and Builders Price Book 2014* compiled by Davis Langdon still provides the most accurate detailed and professionally relevant construction price information for the UK Its unique Tender Index updated through the year gives an ongoing reality check and allows you to adjust for changing market conditions Although it suits a wide range of project sizes this is the only price book which sets out a detailed cost base for contracts exceeding 3 500 000 in value NRM1 and NRM2 are used instead of SMM7R as the measurement standards throughout As well as an overhaul of prices over 300 new items have been added to *Spon's Architects and Builders Price Book 2014* These include New cost models for out of town retail office to residential conversion and a museum fit out New cost models for out of town retail office to residential conversion and a museum fit out A re formatted Preliminaries example and typical hire rates for common preliminaries items Automated car parking systems simple stack systems to fully automatic Plasmor concrete blocks Diamond drilling now completely overhauled ETFE roofing Extended range of underground drainage Flowing screeds along with the standard features you have come to expect from *Spon's Architects and Builders Price Book 20 000*

prices for the most frequently specified items the majority with labour constants and detailed build ups Hundreds of alternative materials prices for the more unusual items Detailed guidance on wage rates daywork cost limits and allowances property insurance and professional fees plus useful formulae design criteria and trade association addresses Updated free of charge two or three times a year see inside for registration details Updates are available online at www.pricebooks.co.uk
