I Am Freud! Psychoanalysis Is the Only Method of Cure: It's Too Bad No One Knows How to Do One!!! Dr. Len Bergantino Ed.D. Ph.D., 2018-11-13 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can t do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotheraphies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P I Am Freud

Psychoanalysis Is the Only Method of Cure It s Too Bad No One Knows How to Do One This is a book for all time As I had extrasensory perception to help me find out things on a primitive level and depth with an ability to pick up split off severe pathological projective identifications moment to moment in an era when psychologists were only permitted to be research psychoanalysts by the American Psychoanalytic Association but tightly controlled where that research was going that in many ways nullified it as true psychoanalytic research I present to you a book that might at that time have been considered wild psychoanalysis And I will show you how extrasensory perception can be developed and utilized by the therapeutic use of self within the psychoanalytic frame in ways that can enhance the treatment of borderline narcissistic obsessive compulsive and schizophrenic disorders and other diagnoses as well as help pinpoint psychophysiological awareness which through the repetition compulsion can prevent disease and will circumvent disease in later life
