The Billionaire's Apprentice Anita Raghavan, 2011-02-01 Just as WASPs Irish Catholics and Our Crowd Jews once made the ascent from immigrants to powerbrokers it is now the Indian American's turn Citigroup PepsiCo and Mastercard are just a handful of the Fortune 500 companies led by a group known as the Twice Blessed Yet little is known about how these Indian emigres and children of emigres rose through the ranks Until now The collapse of the Galleon Group a hedge fund that managed more than 7 billion in assets from criminal charges of insider trading was a sensational case that pitted prosecutor Preet Bharara himself the son of Indian immigrants against the best and brightest of the South Asian business community At the center of the case was self-described King of Kings Galleon's founder Raj Rajaratnam a Sri Lankan born Wharton educated billionaire But the most

shocking allegation was that the minence grise of Indian business Rajat Gupta was Rajaratnam's accomplice and mole. If not for Gupta's nose to the grindstone rise to head up McKinsey Co and a position on the Goldman Sachs board, men like Rajaratnam would have never made it to the top of America's moneyed elite. Author Anita Raghavan criss crosses the globe from Wall Street boardrooms to Delhi's Indian Institute of Technology as she uncovers the secrets of this subculture, an incredible tale of triumph, temptation and tragedy. 5% More Michael Alden, 2016-07-26 Small changes lead to big results that stick. 5% More presents a painless route to change with results that can last a lifetime. The need for a more expansive understanding of class is politically urgent.

There is a disconnect between descriptive and analytical approaches to class and the politics of class and realities around how class is lived. Discourse has been shaped by top down frameworks of analysis and measurements which have stripped the study of class of its political radicalism. This book makes the case for a sociology of class which is informed by a politics of class based upon using the everyday as the point of enquiry. It presents a sociology of class from the bottom up which focuses on everyday life and the point at which class is made and remade. In doing so it advocates for an attentiveness to class and everyday life through a conjunctural analysis. Using an everyday lens this book examines how the shifting conjunctures manifest in everyday spaces in classed ways and how such changes are negotiated, resisted and shape the working class subject and communities. This is based upon an understanding of everyday classed experiences which identifies and challenges inequalities while also recognising value and hope. This perspective aims to offer a recognition of both the opportunities and challenges of class as a way of developing a stronger more politicised understanding of class which takes solidarity and class community power seriously to resist inequality and develop emancipatory politics. This urgent and impassioned book will be essential reading for students, academics and activists with an interest in the lived experience of class in Britain today.
