An instant between mirrors Andrei R,2017-07-29 All the stories in the world either love ones or drama have something in common they are not real Their existence is determined from the very first by the witness's perspective To live something you'll have to understand first that's why there will be always an instant delay The real time is based on memories Therefore the genuine event will suffer subjective changes This fact is not making the stories less true because on a way or another they happened indeed Once your memories go older will change the facts over and over again thus you are creating limitless stories which happened as well with another you In a word you are growing infinite realities and every each of you is choosing to follow a string like an instant between mirrors **Bullet-Proof Love** Lloyd Pate II,2014-07-21 Hey somebody
