marketing expert narrator of Netflix's *Buy Now* documentary shows how today's biggest brands are using cult-like tactics to capture not just your wallet but your devotion. From viral leggings to must-have apps, Dr. Mara Einstein exposes the hidden parallels between cult manipulation and modern marketing strategies in this eye-opening investigation. Drawing from her unique background as both a former MTV marketing executive and a respected media studies professor, she reveals how companies weaponize psychology to transform casual customers into devoted followers. This groundbreaking book uncovers how social media platforms use anxiety-inducing algorithms to keep you trapped in a purchase panic cycle. The secret playbook marketers use to create brand religions around everyday products. Why even the most rational consumers fall prey to scarcity marketing and manufactured FOMO. Practical strategies to break free from manipulative digital marketing tactics. With compelling real-world examples and insights from industry insiders, *Hoodwinked* equips you with the knowledge to recognize and resist these sophisticated manipulation techniques. Dr. Einstein's expertise has been featured in *The New York Times*, *Wall Street Journal*, and *Harvard Business Review*, making her the perfect guide through the maze of modern marketing manipulation. Break free from the cult of consumerism, discover how to make mindful choices in an increasingly manipulative digital marketplace. Easy to read and such a good peek behind the curtain of for-profit companies and the ways they influence and manipulate us. Daniella Young, author of *Uncultured*.

**Facebook, Twitter, & Instagram For Seniors For Dummies** Marsha Collier, 2018-12-18. Enjoy the top social media sites with ease and security. Done correctly, social media is a way to connect friends, family, and the world while still maintaining security and privacy. Facebook, Twitter, Instagram For Seniors For Dummies 3rd Edition offers advice on how to enjoy the three most popular social media options while avoiding worry about who sees what you share. Written by social media expert Marsha Collier, this book walks you through establishing accounts, making connections, and sharing content, including photos and video. You learn the settings to adjust on each platform to maintain privacy and filter out the content you don't want. This book also explains the subtle art of avoiding or blocking people on social platforms without jeopardizing your real-world relationships. Take control of what you share. Connect with others. Take and share your best pictures. Use social media as a news source. Social media sites are great fun once you learn how to cut through the clutter, and this book shows you how.

*Cultural Tourism in the Wake of Web Innovation: Emerging Research and Opportunities* McDonald, J. Scott, Bennett Jr., John R., Merwin, Keith A., Merwin Jr., Gerald A., 2019-06-14. Cultural tourism domestic and international is comprised of travel that takes people out of their usual environments and focuses on activities that are related to the cultural aspects of an area. Rapid progress in technology, especially the advancement of mobile applications, has changed various aspects of travel, especially in areas such as transportation. *Cultural Tourism in the Wake of Web Innovation: Emerging Research and Opportunities* is an essential scholarly book that examines revolutionary changes taking place in the field of cultural tourism that are a result of the applications of web-based and other information technologies, including Web 2.0 innovations, locational technologies, and digital imaging. It features a wide range of topics such as economic development, mobile applications, and green development and is intended for use by hotel management, travel agents, event organizers, and planners, airline managers, academicians, researchers, students, and professionals in the tourism and hospitality industry.

Corporate Risks and Leadership Eduardo E. Mariscotti, 2020-05-13. The context of business has been changing for companies in recent years, and following numerous corporate and accounting scandals, many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law. Because of the existence of these new regulations, the level of control, the severity of sanctions by governments, and the amount of the fines for noncompliance have increased dramatically. In parallel with the technological revolution in communications, business management has become more transparent, and any negative event is uploaded to social networks and shared with an indeterminate number of people. This change in the regulatory sanctioning and technological context has forced large companies to rethink risks, investments, and budgets to deal in this more complex environment. To transition to this change, some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans, strategies, growth targets, investment plans, and/or talent acquisition. While each industry has its particular risks, in this book the author describes the essential elements that any effective ethics and compliance program should contain. This book is a source of information that connects yesterday with today. The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves. The book covers theories of ethics but with an eye focused on practical application. Risks, ethics, and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details. Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations. Thus, due to the importance of risk management in the business world and the necessary involvement of the

CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies
