re radically novel where it matters whether in business models products services or some other key driver of value Strategic Innovation reveals how to think like these vanguard organizations and become one of them You ll discover how to borrow the lenses and insights of companies operating right at the edge of conventional industry dynamics and boundaries where opportunities are underdefined predictions unstable and the greatest opportunities exist Using linked case studies and a proven three step methodology the authors guide you through uncovering Strategic Novelty SN with explosive potential executing quickly and learning and tweaking relentlessly to amplify your impact If you keep doing what everyone else is doing you may succeed but not greatly and not for long If you want to create transform and dominate your market you need to think and act like an outlier Learn how Now Before someone does it to you Right now all around you there s an explosion of new business models new product service categories and new organizational forms It s a veritable Cambrian Explosion of business life led by outlier organizations you ve never even heard of Many will remain practically invisible to the incumbents in their markets until they suddenly explode into dominance What do they share A fundamental commitment to Strategic Novelty SN Now in Strategic Innovation leading innovation strategists Liisa V likangas and Michael Gibbert show you how to leverage SN to become your industry s winning disruptor You ll master SN through case studies from leading outlier organizations in areas ranging from 3D printing to crowd financing and resource constrained innovation Each case is original previously unpublished and based at least in part on the authors direct experiences Through these cases you ll explore how each company s story is playing out sometimes in failure but often in massive success You ll discover why incumbents rarely notice outliers in time and how to keep it from happening to you Perhaps most valuable of all the authors help you extrapolate the likely impact of any novelty so you can tell the difference between promising opportunities and those destined to fail

Practicing Christians, Practical Atheists Phil Davignon, 2023-02-02 The task of living faithfully within today s secular culture is one of the most important issues facing Christians Yet many misunderstand what culture is and how it shapes their hearts minds and souls This book extends the work of James K A Smith by revealing how the secularizing influence of modern culture is not only transmitted through cultural liturgies but has become embedded within the seemingly harmless practices everyday practices of education work consumption and leisure As a result even practicing Christians may become practical atheists who have thoroughly internalized secular dispositions of mind and heart This deeper understanding of cultural formation calls into question many of the dominant approaches to ministry and formation Rather than merely offering information and inspiration congregations must become sites of counter formation that enable their members to fully embody the Christian faith within everyday life
