Max Streaming Today:

Digital Media and Innovation Richard A. Gershon, 2024-03-26 This fully updated second edition explores the importance of innovation and innovative thinking for the long term success of today's leading media telecommunications and information technology companies. The book takes an in-depth look at how smart creative companies have transformed today's digital economy by introducing unique and highly differentiated products and services. This edition provides a detailed overview of intelligent networks and analyzes disruptive business models and processes from companies involved in social media, artificial intelligence, the metaverse, smart cities, and robotics among other emerging areas. From Apple to Zoom, this book considers some of the key people, companies, and strategies that have transformed the communication industries. Exploring the power of good ideas, this book goes inside the creative edge and looks at what makes such companies successful over time. *Digital Media and Innovation* is suited to advanced undergraduate and graduate courses in media management, media industries, communication technology, and business management and innovation, and provides up-to-date research for media and business professionals. *HBO MAX Digital Comic (2020-) #3* Ivan Cohen, 2020-06-16 To the Max Olivia A down on her luck standup comic is all that stands between her audience and gun-toting criminals who plan to rob a Las Vegas casino. *Television Goes Back to the Future* Anthony N. Smith, Laura Minor, 2025-11-08 This book examines the extent to which the practices of television's past are shaping its online future. Challenging industry and scholarly claims of digital disruption, it demonstrates how streaming giants like Netflix, Disney, and Amazon Prime Video alongside public service broadcasters like the BBC and Channel 4 maintain deep continuities with television history, adapting established industry practices online rather than abandoning them. The authors look at how media institutions have applied conventional broadcast television practices around live transmissions, linear scheduling, commercial interruption, and episode release cadences to streaming platforms; how narrative and genre norms continue to underpin American television drama and British TV sitcoms in online contexts; and how globalised streaming services cultivate country-specific programming and retain close ties to traditional practices of national broadcasting systems in South Korea. *Max Schlemmer, Hawaii's King of Laysan Island* Tom Unger, 2004-02 The tale of Max Schlemmer is powerful, compelling non-fiction. Max is a renaissance man who survives the danger of whaling in the frigid North Pacific, works on various Hawaiian sugar plantations, captains sailing vessels, pioneers the guano business on Laysan Island, takes on the duties of midwife, is a Honolulu Police captain and a motorman with Honolulu Rapid Transit Co, and always a man devoted to family and country. Max is also an entrepreneur. In his early years in Hawaii, he gained squatter's rights to Laysan Island. Later, he established his home on this tiny, distant and isolated island. Though many business ventures failed, he dreamed of a kingdom on Laysan Island. Perhaps he dreamed and schemed also about the vast riches to be gained in the bird plumage trade. *Max Schlemmer, Hawaii's King of Laysan Island* takes place during an interesting period of Hawaiian history. Max is involved in rioting which leads to the overthrow of the

monarchy and to Hawaii becoming the Territory of Hawaii Max is a constant gadfly to the local authorities his actions often lead them into uncharted waters and reverberates finally in Washington D C Max Schlemmer Hawaii s King of Laysan Island is also the story of the life and death of an island
