relations in the big four American sports Are today s professional athletes nothing more than selfish greedy millionaires with no idea how ordinary people live The common perception of today s professional baseball basketball football and hockey players is of individuals always wanting more money and better working conditions When it comes to labor issues in sports the usual media spin portrays topics such as strikes by players and lockouts by owners as millionaires in dispute with billionaires each group as self interested as the other However as is often the case the truth is vastly different Sports and Labor in the United States demonstrates that players are often exploited by ownership and fight for matters of principle not simply material gain In accessible nontechnical language Michael Schiavone presents a comprehensive examination of labor
