Petri Mäntysaari

Act Practice Netflix Top:

Stocks for All: People's Capitalism in the Twenty-First Century Petri Mäntysaari, 2021-12-31 Public stock markets are too small This book is an effort to rescue public stock markets in the EU and the US There should be more companies with publicly traded shares and more direct share ownership Anchored in a broad historical study of the regulation of stock markets and companies in Europe and the US the book proposes ways to create a new regulatory regime designed to help firms and facilitate people's capitalism Through its comparative and historical study of regulation and legal practices the book helps to understand the evolution of public stock markets from the nineteenth century to the present day The book identifies design principles that reflect prior regulation While continental European company law has produced many enduring design principles the recent regulation of stock markets in the EU and the US has failed to serve the needs of both firms and retail investors The book therefore proposes a new set of design principles to serve contemporary societal needs

Mission Driven Bureaucrats Dan Honig, 2024 Mission Driven Bureaucrats suggests that workers can often do better with more empowerment and less compliance oriented management Honig provides strategies for managers and suggestions for what everyday citizens can do to support the empowerment of bureaucrats in their governments **Dis.Ordering**

Distribution Cornelia Storz, Vinzenz Hediger, Matthias Krings, 2025-09-23 Dis Ordering Distribution explores the intricate relationship between distribution and production drawing on empirical evidence from two vibrant centers of cultural production Africa and Asia **Human Resource Management** Jean M. Phillips, 2025-01-07 Human Resource Management

An Applied Approach is designed to prepare future managers and non managers alike to effectively utilize human resource management strategies to advance their own careers while supporting the growth and development of those they manage
