If you've ever kept your leftovers from dinner to take with you for lunch, then next time you've made a mini meal prepped. Generally though meal prepping refers to preparing 3-7 days worth of food at a time. Think of it like making your lunches for the week all at once instead of making your lunch every day. When making your meal plan, ask yourself the question: "What will I eat each day without having to do it myself?" Meal prepping is not for everyone. It is good for those who value convenience and more time than others. With meal prepping, you generally eat the same thing for a few days in a row so you don't get bored with food.
