Measure Of Our Success The An Impassioned Plea To Pastors:

The Measure of Our Success Shawn Lovejoy, 2012-05 Highly respected pastor and mentor challenges pastors to remember their calling redefine success and avoid the pitfalls of self focused ministry **Be Mean About the Vision**

Shawn Lovejoy, 2016-04-19 Almost every organization has a vision Few ever accomplish it Even after short term success in it fewer stay true to it over time Be Mean Relentlessly Protecting the Vision is about regaining or sustaining the trajectory of the vision over time It s about staying true to the vision Lovejoy explains that this requires understanding the importance of vision developing a vision we re willing to die for and keeping the vision from being compromised or even hijacked Though many books have been written on the subject of developing mission or vision statements there have been few written on how to sustain or protect the vision over time Shawn has dealt with hundreds of leaders in ministry and has seen countless struggle with keeping everyone on board with the mission and how to align the rest of the organization with the vision Shawn Lovejoy walks the church leader through the experiences that have taught him to Be Mean and shows us a strategy of Relentlessly Protecting the Vision Missional Moves Rob Wegner, Jack Magruder, 2012-09-25 From saved souls to saved wholes from transactional to transformational this book describes fifteen paradigm shifts in how gospel driven Christian leaders are thinking about churches and ministry in today s world The church was never designed to be a fortress for the righteous but a flood of revolutionaries bringing the Good News of the Kingdom to broken lives and broken communities in a broken world Today millions of Christians are awakening to the holism or wholeness of the gospel call expanding their understanding of church from an institution to a movement Recognizing the Church s past missteps and re envisioning its role in modern society Missional Moves will fundamentally alter your understanding of the church and how its mission is lived out Rob Wegner and Jack Magruder are church founders and Christian thought leaders who will walk you through three distinct categories of changes that today s churches have to understand in order to have the greatest positive impact The paradigm shift of our missional imagination The centralized shift of our local church mission field The decentralized shift of the global family of Christ If this calling toward movement and transformation is to be realized it will require some earth shaking shifts in our concept of the evangelistic mission Missional Moves This book provides a plan of action for your church that will empower you to unleash each member on a mission both locally and globally *Craveable* Artie Davis, 2013-02-05 When people look at you what do they see Do they see Jesus Let s be honest In many places today the church is not particularly well liked It s viewed as judgmental mean ignorant and intolerant If we want to have any influence on the world or even the people next door we need to give some serious consideration to why that is How have Christians a people who are called by God to be the most loving caring understanding and joyous people in the world come to be viewed as the exact opposite How can we change that Craveable is an all out call for Christianity to return to the allure that caused the church to win the world in the first century It is time to start Listening as Jesus listened Loving as He loved Leading as He led In other

words if God's church and His people were to act like Jesus loving the unlovable accepting all the unacceptable and demonstrating a life of faith and joy we would be successful in turning our perception from being unlikeable to actually being CRAVEABLE

Next Up Jonathan Pearson, 2014-05-19 There are 8 key attitude and action shifts that every great leader makes From entitlement to honor From passive to passionate From unreliable to consistent Are you willing to make these shifts and more and be ready when the next up call comes The Millennial generation is poised to do something We can either learn grow ask for help and lead honorably into the future or we can passively wait feeling entitled for the keys to eventually be given to us We can do better than that Let's take the initiative and rise to the challenge The future will be filled with leadership transitions at not only the highest levels in businesses churches and organizations all over the world but also at regular everyday places Who will be ready to lead existing movements groups and causes Or who will be ready to start the new ones Using practical biblical and contemporary examples and lessons this book will help existing and burgeoning leaders pinpoint the areas of their lives where they still need to make the shift and learn to lead more effectively

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

God of the Underdogs Matt Keller, 2013-09-17 Have you ever felt like an underdog Like you don't have the ability or confidence to pursue your dreams The Bible is full of ordinary people the world considered underdogs Yet God chose them to do his work In *God of the Underdogs* pastor Matt Keller tells his own story of being an underdog as well as the stories of the underdog heroes in Scripture Men and women like Moses Esther King David Samuel Joseph Paul the Apostle and even Jesus The stories and scriptures you'll read will inspire you to face down the excuses holding you back and you will be free to pursue your destiny as never before Maybe you're thinking My past is too dark But it's your past Matt assures you God of the Underdogs will show you that the Creator of the universe wants you to accomplish great things for him He wants to use your life in a way he will use no one else's Don't shrink back from your destiny lean into it The Bible says you are a friend of God

Beloved Highly esteemed Known More than conquerors God sees your potential It is your inability not your perfection that makes you an underdog worth using in God s eyes So rise up underdog God has a special plan for your life *Accidental Pharisees* Larry Osborne,2012-10-09 Zealous faith can have a dangerous dark side While recent calls for radical Christians have challenged many to be more passionate about their faith the down side can be a budding arrogance and self righteousness that accidentally sneaks into our outlook In *Accidental Pharisees* bestselling author Larry Osborne diagnoses nine of the most common traps that can ensnare Christians on the road to a deeper life of faith Rejecting attempts to turn the call to follow Christ into a new form of legalism he shows readers how to avoid the temptations of pride exclusivity legalism and hypocrisy Larry reminds us that attempts to fan the flames of full on discipleship and call people to Christlikeness should be rooted in love and humility Christians stirred by calls to radical discipleship but unsure how to respond will be challenged and encouraged to develop a truly Christlike zeal for God

Mission of the Church Jerome Boone,Jerald Daffe,William Effler,Henry Smith,2018-05-30 What is the mission of the corporate church What is the mission of local churches regardless of denominations What is the reason for the existence of the local church These three questions not only deserve consideration by leadership but also need to be understood by the entire membership to enable productive kingdom work It is so easy for a congregation to develop programs and activities based on what other groups are doing or on what are the perceived needs of the moment These do have value however they tend to be based on our human concepts rather than the directives of Scripture Terry Cross Dean of the School of Religion at Lee University describes this book as follows Another book on the church This one is different Thirteen seasoned professors with some 400 years of combined ministerial experience engage various aspects of the mission of the church Much like the pulse that beats from a strong heart the idea of partnering with God s mission as transformed participants in God s work reappears throughout the chapters While the focus of attention is different for each author the theme beats the same pulse throughout the mission of God is the heart of God and must be the heart of the church With additional contributions from Bob Bayles Terry Cross Rolando Cuellar Tom Doolittle Jimmy Harper John Lombard Lisa Long Edley Moodley Mark Walker

Faith in the Marketplace Samuel Lee,2021-04-12 Contemporary missions often include evangelistic and socio economic dimensions For effective missions some way of assessing what is being achieved is needed beyond just the common metrics touching on the spiritual and or economic which neglects social transformation that ideally should also be occurring This book seeks to identify key factors for holistic evaluation based on salient characteristics that emerged as three Entrepreneurial Church Planting sites were studied in San Francisco Redeemer Community Church Selma Alabama Blue Jean Church and Lynch Kentucky Meridzo Ministries What emerges from these case studies is the importance of relationality general emphasis on growth and development and a well established focus on holistic transformation The mechanisms for the operation of holistic transformation are spelled out to reflect the operation of the three actors of the Trinity in missions The practical component

of the book is the conceptual framework that reveals the operation of holistic transformation and ways to measure the dynamic relationships that occur

Preachers Present Arms Ray H. Abrams, 2009-09-01 **Preachers Present Arms** is the result of many years of research in libraries religious periodicals including many obscure ones newspaper clippings innumerable pamphlets sermons and addresses of the war periods Pertinent books on the subject run into the hundreds of volumes Many of the startling facts in **Preachers Present Arms** are the result of personal interviews and correspondence both at home and abroad Over the span of nearly two thousand years the institution of the Christian church has been eager to convert the whole world to its own interpretation of the will of God and the gospel of Jesus Christ In so doing it has been confronted with one crisis after another Most of the time as the pages of history will testify it has floundered in utmost confusion From one point of view its gravest and most tragic years have been those in which this church identified itself and participated gladly in some of the bloodiest wars of all times all to carry out the will of the Almighty The Crusades and Holy Wars of the past are stark reminders Yet even in our own time these holy wars continue This book is the startling and terrifying story of the part played in this country by the churches and the clergy during the first World War the consciences of ministers conscripted innocent men railroaded to prison churches turned into recruiting stations In **Preachers Present Arms** a skilled analyst of social forces examines the merciless regimentation of ideas and conduct inherent in modern warfare His sobering account of the surrender of the ministers to war hysteria in that dark period of the world s history from 1914 to 1918 is in no sense an attack upon the clergy Rather in demonstrating how preachers were caught in the vortex of war madness the book transcends the immediate field of its inquiry and demonstrates the influence of war psychology on the leaders and molders of public opinion Included in this thought provoking volume is a brief description of the churches and the clergy in World War II and an analysis of the situation with respect to organized religion and our participation in the war in Vietnam
