Handbook of Research on Educational Communications and Technology J. Michael Spector, M. David Merrill, Jan Elen, M. J. Bishop, 2013-07-03 The 4th edition of the Handbook of Research on Educational Communications and Technology expands upon the previous 3 versions providing a comprehensive update on research pertaining to new and emerging educational technologies Chapters that are no longer pertinent have been eliminated in this edition with most chapters being completely rewritten expanded and updated Additionally new chapters pertaining to research methodologies in educational technology have been added due to expressed reader interest Each chapter now contains an extensive literature review documenting and explaining the most recent outstanding research including major findings and methodologies employed The Handbook authors continue to be international leaders in their respective fields the list is cross disciplinary by design and great effort was taken to invite authors outside of the traditional instructional design and technology community

Evaluating Public Communication Jim Macnamara, 2017-09-05 Evaluating Public Communication addresses the widely reported lack of rigorous outcome and impact oriented evaluation in advertising public relations corporate government political and organizational communication and specialist fields such as health communication This transdisciplinary analysis integrates research literature from each of these fields of practice as well as interviews content analysis and ethnography to identify the latest models and approaches Chapters feature a review of 30 frameworks and models that inform processes for evaluation in communication including the latest recommendations of industry bodies evaluation councils and research institutes in several countries recommendations for standards based on contemporary social science research and industry initiatives such as the IPR Task Force on Standards and the Coalition for Public Relations Research Standards an assessment of metrics that can inform evaluation including digital and social media metrics 10 informal research methods and over 30 formal research methods for evaluating public communication evaluation of public communication campaigns and projects in 12 contemporary case studies Evaluating Public Communication provides clear guidance on theory and practice for students researchers and professionals in PR advertising and all fields of communication

Measurement and Evaluation in Human Performance, 2006 **Very Like a Whale** Edward M. White, Norbert Elliot, Irvin Peckham, 2015-03-04 Written for those who design redesign and assess writing programs Very Like a Whale is an intensive discussion of writing program assessment issues Taking its title from Hamlet the book explores the multifaceted forces that shape writing programs and the central role these programs can and should play in defining college education Given the new era of assessment in higher education writing programs must provide valid evidence that they are serving students instructors administrators alumni accreditors and policymakers This

book introduces new conceptualizations associated with assessment making them clear and available to those in the profession of rhetoric and composition writing studies It also offers strategies that aid in gathering information about the relative success of a writing program in achieving its identified goals Philosophically and historically aligned with quantitative approaches White Elliot and Peckham use case study and best practice scholarship to demonstrate the applicability of their innovative approach termed Design for Assessment DFA Well grounded in assessment theory Very Like a Whale will be of practical use to new and seasoned writing program administrators alike as well as to any educator involved with the accreditation process

Measurement and Evaluation in Human Performance James R. Morrow,1995 Discusses statistics data analysis computer applications reliability validity grading assessment of sport skills

Essentials of Evaluating Bias in Intelligence Testing Craig L. Frisby,2025-02-11 Thorough overview of the history viewpoints and research findings of bias in intelligence testing Essentials of Evaluating Bias in Intelligence Testing delivers a comprehensive overview of potential biases that can come to light when making use of IQ tests across demographics detailing where bias can work its way into IQ test selection standardization content administration scoring and interpretation and providing key foundational knowledge on what IQ test bias is versus what it is not as well as the history of bias claims in recent decades Research findings are included throughout the book to provide key context Some of the topics discussed in this book include The Larry P v Wilson Riles trial decision of 1979 which prohibited the use of IQ tests for placing Black students in special education programs and its carryover to today The heritability of IQ scores the nature nurture issue and the role of IQ in the stratification of subpopulation groups in society Implicit assumptions within claims of standardization bias including that all population subgroups must display equal mean scores and that racial ethnic groups are internally homogeneous Essentials of Evaluating Bias in Intelligence Testing is an essential read for educators academics and administrators seeking to understand the full picture on IQ testing and its validity or lack thereof across different demographics
