

Mediahistorysociety A Cultural History Of Us Media

Amber Roessner

Mediahistorysociety A Cultural History Of Us Media:

Media, History, Society Janet M. Cramer, 2009-02-09 Media History Society offers a cultural history of media in the United States shifting the lens of media history from media developments and evolution to a focus on changes in culture and society emphasizing how media shaped and were shaped by these trends policies and cultural shifts Covers the topics that instructors want to teach Provides a timely and relevant culturally determined perspective on media history in American society Organized thematically rather than chronologically Links history to contemporary issues setting journalism into a broader historical context Includes alternate table of contents discussion questions an instructor s manual and sample exams

Media in History Jukka Kortti, 2019-04-17 Since media is omnipresent in our lives it is crucial to understand the complex means and dimensions of media in history and how we have arrived at the current digital culture *Media in History* addresses the increasing multidisciplinary need to comprehend the meanings and significances of media development through a variety of different approaches Providing a concise accessible and analytical synthesis of the history of communications from the evolution of language to the growth of social media this book also stresses the importance of understanding wider social and cultural contexts Although technological innovations have created and shaped media Kortti examines how politics and the economy are central to the development of communication *Media in History* will benefit undergraduate and graduate history and media studies students who want to understand the complex structures of media as a historical continuum and to reflect on their own experiences with that development

The Routledge Handbook of Media Use and Well-Being Leonard Reinecke, Mary Beth Oliver, 2016-06-23 The Routledge Handbook of Media Use and Well Being serves as the first international review of the current state of this fast developing area of research The volume provides a multifaceted perspective on the beneficial as well as the detrimental effects of media exposure on psychological health and well being As a first mover it will define the field of media use and well being and provide an essential resource for research and teaching in this area The volume is structured along four central considerations Processes presents concepts that provide a theoretical bridge between media use and well being such as psychological need satisfaction recovery from stress and strain self presentation and self enhancement or parasocial interactions with media characters providing a comprehensive understanding of the underlying processes that drive psychological health and well being through media Moderators examines both risk factors that promote negative effects on well being and protective factors that foster positive media effects Contexts bridges the gap between theory and real life by illustrating how media use can influence well being and satisfaction in very different life domains covering the full spectrum of everyday life by addressing the public private and work spheres Audiences takes a look at the influence of life phases and life situations on the interplay of media use and well being questioning whether various user groups differ with regard to the effects of media exposure Bringing together the expertise of outstanding international scholars from multiple disciplines including communication media psychology social

psychology clinical psychology and media education this handbook sheds new light on the role of media in influencing and affecting emotions

Inventing Baseball Heroes Amber Roessner, 2014-06-09 In *Inventing Baseball Heroes* Amber Roessner examines herocrafting in sports journalism through an incisive analysis of the work surrounding two of baseball's most enduring personalities Detroit Tigers outfielder Ty Cobb and New York Giants pitcher Christy Mathewson While other scholars have demonstrated that the mythmakers of the Golden Age of Sports Writing 1920 1930 manufactured heroes out of baseball players for the mainstream media Roessner probes further with a penetrating look at how sportswriters compromised emerging professional standards of journalism as they crafted heroic tales that sought to teach American boys how to be successful players in the game of life Cobb and Mathewson respectively stereotyped as the game's sinner and saint helped shape their public images in the mainstream press through their relationship with four of the most prominent sports journalists of the time Grantland Rice F C Lane Ring Lardner and John N Wheeler Roessner traces the interactions between the athletes and the reporters delving into newsgathering strategies as well as rapport building techniques and ultimately revealing an inherent tension in objective sports reporting in the era *Inventing Baseball Heroes* will be of interest to scholars of American history sports history cultural studies and communication Its interdisciplinary approach provides a broad understanding of the role sports journalists played in the production of American heroes

Media Studies: Media history, media and society Pieter Jacobus Fourie, 2007 While examining exactly who owns the media and who produces the media this text manages to encompass the systematic critical and analytical media in all its forms and concludes that the media is one of the most important generators and disseminators of meaning in contemporary society Investigating the power relationships between the media and politics culture economy society and above all democracy this resource is well suited for anyone with an interest in the modern role of media in society

The Routledge Companion to British Media History Martin Conboy, John Steel, 2014-09-15 The *Routledge Companion to British Media History* provides a comprehensive exploration of how different media have evolved within social regional and national contexts The 50 chapters in this volume written by an outstanding team of internationally respected scholars bring together current debates and issues within media history in this era of rapid change and also provide students and researchers with an essential collection of comparable media histories The *Routledge Companion to British Media History* provides an essential guide to key ideas issues concepts and debates in the field Chapter 40 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license <https://www.routledgehandbooks.com/doi/10.4324/9781315756202/ch40>

Cultural History in France Evelyne Cohen, Anaïs Fléchet, Pascale Goetschel, Laurent Martin, Pascal Ory, 2019-06-27 This volume which gathers contributions presented at the annual conferences of l'Association pour le développement de l'histoire culturelle ADHC questions the subjects and boundaries of cultural history in France with regard to neighboring approaches such as cultural studies media studies and gender studies to elaborate a social history of representations Historians

philosophers and sociologists address a large variety of topics and methodological proposals Definitions objects and actors memories and cultural transfers this book depicts the major questions that underlie the historical debate at the beginning of the 21st century

Media/Society David Croteau, William Hoynes, Stefania Milan, 2011-05-24 In a society saturated by mass media from newspapers and magazines television and radio to digital video projects and the Internet iPods and TiVo most students possess a great deal of media knowledge and experience before they ever enter the classroom What they often lack however is a broader framework for understanding the relationship between media and society *Media Society Industries Images and Audiences* provides that context and helps students develop skills for critically evaluating both conventional wisdom and one's own assumptions about the social role of the media Previous editions of *Media Society* introduced thousands of students to a sociologically informed analysis of the media process The Fourth Edition builds on this success with new material on students as producers e.g. YouTube revised Internet resources the latest data on the media industry new examples from the independent media sector and updated discussions of media policy online media and independent media *Media Society* is unique among media texts in that it offers e A sociological approach that examines overarching relationships between the various components of the media process the industry its products audiences technology and the broader social world e An integrated study of mass media that looks at media technologies collective influences and connections between mass media issues that are often treated as separate e An examination of how economic and political constraints affect the media and how audiences actively construct their own interpretations of media messages

Media and Society Graeme Burton, 2010-05-16 This popular introductory book provides a clear introduction to the key ideas within media studies The friendly writing style and everyday examples which made the first edition a favourite with students and lecturers alike has been retained and updated in this new edition This comprehensive text provides a wide ranging perspective on the media and Uses examples and case studies from the real world Shows how key concepts can help us understand the relationship between the Media and society Provides a clear explanation of how critical perspectives on the Media construct thinking about media businesses texts and audiences The fully updated new edition features new boxed summaries of critical approaches and key thinkers Chapters cover the main topics that students are likely to encounter in their studies including Advertising media and violence news politics young audiences globalization sport popular music and new technology This book is essential reading for students in media studies cultural studies and courses with a media interest such as sociology and English

The SAGE International Encyclopedia of Mass Media and Society Debra L. Merskin, 2019-11-12 The reference will discuss mass media around the world in their varied forms newspapers magazines radio television film books music websites and social media and will describe the role of each in both mirroring and shaping society

On the Record Pamela Fields, 1997 **On the Record Re Japan**, 1994 **IBSS: Sociology: 2009 Vol. 59** Compiled by the British Library of Polit, 2010-11 First published in 2010 Routledge is an imprint of Taylor Francis an informa

company *The Craft of Criticism* Michael Kackman, Mary Celeste Kearney, 2025-08-19 With contributions from 35 leading media scholars this collection provides a comprehensive overview of the main methodologies of critical media studies Fully revised and updated throughout the chapters in this second edition address various methods of textual analysis as well as reception studies policy studies production studies and contextual multi method approaches like intertextuality and cultural geography Film and television are at the heart of the collection which also addresses digital technologies and new research tools in such areas as software studies gaming and social media Each chapter includes an intellectual history of a particular method or approach a discussion of why and how it was used to study a particular medium or media relevant examples of influential work in the area and an in depth review of a case study drawn from the author s own research Together the chapters in this collection give media scholars and critics a complete toolbox of essential critical media studies methodologies

Diversity in U.S. Mass Media Catherine A. Luther, Carolyn Ringer Lepre, Naeemah Clark, 2017-10-23 An updated edition of the comprehensive resource that covers the various areas associated with representations of diversity within the mass media The second edition of Diversity in U S Mass Media presents a review of the evolution and the many issues surrounding portrayals of social groups in the mass media of the United States Unfortunately all too often mass media depictions play a crucial role in shaping our views about individuals and social groups Filled with instructive insights into the ways social groups are represented through the mass media Diversity in U S Mass Media offers a better understanding of groups and individuals different from ourselves The revised second edition is filled with recent illustrative examples from the media Comprehensive in scope the authors address a wide range of issues that include representations of race ethnicity gender sexual orientation disability class and religion in films television and the press The authors encourage readers to question what is being presented and explore the extent to which they agree with the perspectives that are described Diversity in U S Mass Media is an important resource that Offers an understanding of how various social groups are being represented in the mass media Explores how diverse communities inform and intersect with one another Draws on updated studies on the topic and presents original research and observations Includes new chapters on media portrayals of mixed race relationships and multiracial multiethnic people and representations of religion and faith Accompanied by a companion website for instructors including many useful pedagogical tools such as a test bank viewing list exercises and sample syllabi Revised and updated the second edition of Diversity in U S Mass Media offers a broad perspective on the myriad issues that influence how the media portrays social groups Throughout the text the authors show consistencies as well as differences in media representations of minority groups in the United States [Streaming Media and Cultural Memory in a Postdigital Society](#) Renira Rampazzo Gambarato, Johannes Heuman, 2024-12-31 This book offers a relevant contribution to the studies of streaming media and transmediality with an original approach of cultural sustainability perfectly intertwined with cultural memory beyond borders By critically reflecting on popular streaming media series the book identifies their impact on the

global circulation of cultural memory their learning potential for educational purposes and the societal challenges and opportunities that emerge from the ubiquitous streaming media penetration and potential for participatory practices It also investigates how series available worldwide on commercial platforms such as Netflix and Max contribute to the global circulation of cultural memories in addition to illuminating the ethical unsustainable and educational concerns involved in the fictionalization of the past Drawing on the authors expertise in media studies and history this transdisciplinary book will interest scholars in the fields of media studies cultural studies memory studies history transmedia studies education postdigital studies television studies social communication sociology and philosophy Mass Media James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes *The Future of Internet Policy* Peter Decherney, Victor Pickard, 2017-10-02 All of the short essays in this volume look past the rhetoric of technological determinism and reliance on the natural logic of the market to consider the power of law and policy to steer new media in one direction or another Many of the essays look backwards through history or outwards across national borders They all look forward to how today's policies will shape the future of the internet and society A particular focus of interest for some of the contributors is the revelations that followed Edward Snowden's mass disclosure of classified documents in 2013 which revealed the U S National Security Agency's systematic and longstanding program of monitoring global communications Some chapters consider different countries varying approaches to regulating the proliferation of online communication while others assess the current state of digital technology They all call for policy interventions to solve market failures This book was originally published as a special issue of Critical Studies in Media Communication Media, Sports, and Society Lawrence A. Wenner, 1989-08 Media Sports and Society provides a foundation for research on the communication of sports The volume is framed by a seminal article outlining the parameters of the communication of sports and pointing to major issues that need to be addressed in the relationship between sports and media Contributors examine the theoretical cultural and historical issues the production of media sports programming its content and its audience Individual chapters include a discussion of the spectacle of media sports a comparison of Super Bowl Football and World Cup Soccer a consideration of the spectators enjoyment of sports violence the rhetoric of winning and the American dream and a fascinating examination of gender harmony and sports in *Media Industries* Jennifer Holt, Alisa Perren, 2009-03-09 Media Industries History Theory and Method is among the first texts to explore the evolving field of media industry studies and offer an innovative blueprint for future study and analysis capitalizes on the current social and cultural environment of unprecedented technical change

convergence and globalization across a range of textual institutional and theoretical perspectives brings together newly commissioned essays by leading scholars in film media communications and cultural studies includes case studies of film television and digital media to vividly illustrate the dynamic transformations taking place across national regional and international contexts
