prompted to write this book based on three recurring questions from our various audiences who range from undergraduates to executive MBA students from entry level workers to seasoned professionals and from the general public to the C suites of organizations Think and Grow Rich for Women Sharon Lechter,2014-06-17 Women are the future of American business According to a recent Nielsen report women will control two thirds of American consumer wealth in less than a decade And yet almost all business and success literature is still written for men dispensing advice that doesn t take into account women s unique strengths or address the demands of family life on mothers Think and Grow Rich for Women is a powerful new book from the award winning author of Think and Grow Rich Three Feet from Gold and coauthor of the multimillion selling Rich Dad Poor Dad It combines Hill s classic Thirteen Steps to Success with case studies of noteworthy women including Sandra Day O Connor Maya Angelou Katie Couric Caroline Kennedy Madonna Oprah Winfrey Margaret Thatcher Condoleeza Rice J K Rowling Barbara De Angelis Marianne Williamson Angela Merkel Mary Kay Ash IBM CEO Ginni Rometty and many more outlining a master plan for success for all women **Own It** Sallie Krawcheck,2017-01-17 A new kind of career playbook for a new era of feminism offering women a new set of rules for professional success one that plays to their strengths and builds on the power they already have Weren t women supposed to have arrived Perhaps with the nation s first female President equal pay on the horizon true diversity in the workplace to come thereafter Or at least the end of fat shaming and locker

room talk Well we aren t quite there yet But does that mean that progress for women in business has come to a screeching halt It s true that the old rules didn t get us as far as we hoped But we can go the distance and we can close the gaps that still exist We just need a new way In fact there are many reasons to be optimistic about the future says former Wall Street powerhouse turned entrepreneur Sallie Krawcheck That s because the business world is changing fast driven largely by technology and it s changing in ways that give us more power and opportunities than ever and even more than we yet realize Success for professional women will no longer be about trying to compete at the men s version of the game she says And it will no longer be about contorting ourselves to men s expectations of how powerful people behave Instead it s about embracing and investing in our innate strengths as women and bringing them proudly and unapologetically to work When we do she says we gain the power to advance in our careers in more natural ways We gain the power to initiate courageous conversations in the workplace We gain the power to forge non traditional career paths to leave companies that don t respect our worth and instead go start our own And we gain the power to invest our economic muscle in making our lives and the world better Here Krawcheck draws on her experiences at the highest levels of business both as one of the few women at the top rungs of the biggest boy s club in the world and as an entrepreneur to show women how to seize this seismic shift in power to take their careers to the next level This change is real and it s coming fast It s time to own it The Writers Directory ,2013 *The Ladies'Book of Needle Work, a Series of Sixty-four ...
