Fitzgerald, Carlton J.,Laurian-Fitzgerald, Simona,Popa, Carmen,2018-06-08 As traditional classroom settings are transitioning to online environments teachers now face the challenge of using this medium to promote effective learning strategies especially when teaching older age groups Because adult learners bring a different set of understandings and skills to education than younger students such as more job and life experiences the one size fits all approach to teaching does not work thus pushing educators to create a student centered approach for each learner The Handbook of Research on Student Centered Strategies in Online Adult Learning Environments is an important resource providing readers with multiple perspectives to approach issues often associated with adult learners in an online environment This publication highlights current research on topics including but not limited to online competency based education nontraditional adult learners virtual classrooms in public universities and teacher training for online education This book is a vital reference for online trainers adult educators university administrators researchers and other academic professionals looking for emerging information on utilizing online classrooms and environments in student centered adult education **Second Class No**

Longer Phillip L. Beukema,2023-10-19 No one could have predicted thirty years ago that online learning would become such a key facet of our educational landscape in nearly every corner of the world Online teaching and learning have evolved rapidly and far more widely than imaginable accompanied by huge impacts on business society and our entire educational enterprise Drawing on his extensive experience in online teaching at both the graduate and undergraduate level as well as his 25 years in higher ed administration the author paints a global picture of the evolution of online education He describes how one country after another has witnessed the astonishing growth of online degrees and microcredentials of all kinds Along the way he dispels the myths and misperceptions that have grown up around online learning With incisive analysis built on solid data the author demonstrates that online programs are no longer regarded as second class but in fact are fully in the mainstream of higher education Not only that but he predicts that by 2030 they will become the gold standard by which the more traditional degrees will be judged

Our Cherished Halls of Ivy Phillip L. Beukema,2022-10-10 Higher education has both supporters and detractors although not in equal numbers Some would have us believe that our higher education enterprise is on the brink of disaster that it s falling apart at the seams Some go so far as to call the system broken beyond repair suggesting that it be rebuilt from the ground up Can it be this bad Drawing on his long experience in higher ed administration the author examines the sea change that s affected nearly every corner of the higher learning landscape These corners include the high and rising costs of tuition the crushing levels of student debt the shamefully low graduation rates in too many schools the growing million dollar clubs whose members include university presidents and football and basketball coaches the inadequacies of accreditation and the growing influence of partisan politics in the conduct of our public universities That s for starters With an insider s perspective the author paints a picture that is up front and honest laying bare the depth and extent of specific problems confronting that crucial engine of our economy higher education In each case he spells out what needs a tune up and what needs something closer to an overhaul Of course he offers specific proposals for fixing those problems They re likely to be controversial but the author hopes they spark a debate that ultimately leads to productive solutions
