Methods to Overcome the Financial and Money Transfer Blockade against Palestine and any Country

Suffering from Financial Blockade Dr. Hidaia Mahmood Alassouli, 2021-09-06 Online shopping and online money transfer have become an urgent necessity for all citizens of the world. One of the difficulties I encountered in electronic money transfer and online shopping is the financial blockade against the Palestinians. It is surprising although the electronic currency transfer has become the trend of the century with the developments of crypto currency block chain technology, central and decentralized platforms and unlimited digital currency wallets which reflects the extent of progress in currency conversion in this era. Most cryptocurrency platforms do not discriminate people on the basis of location or nationality. Everyone has the right to open an account with them and every person is responsible for securing his account. On the contrary, you find large websites that operate with a sterile racist mentality such as PayPal, Skrill and others that ban residents of the Palestinian Authority areas just because they are Palestinians. For example, PayPal is the most important electronic wallet for electronic payment; it is prohibited only for the residents of the Palestinian territories. And if we open accounts outside Palestine, the account will be closed immediately. And there are also other large sites that follow the same policy as Skrill and eBay. I also surprised that most of the electronic banks or electronic wallets that deal in the fiat currencies such as USD and EURO refuse to activate the accounts of the Palestinians. With the exception of cryptocurrency platforms so far they do not put obstacles against the Palestinians. And even the banks and wallets that agree to open accounts to Palestinian people, they do not support withdrawals to a Palestinian bank, whether in euros, dollars or any other currency. Other difficulty I encountered is that the electronic banks and wallets that deal only with fiat currencies such as USD and EURO require that you not deposit, withdraw or deal through the account with any digital crypto currency platforms. In the event of making money transfer with any digital crypto currency platform, the account will be suspended. So the electronic banks and wallets that only support the fiat currencies for withdrawal and deposit consider digital currencies as suspicious and prohibited currencies. Also, most websites don't accept ordering Visa Master Card to Palestine region. Hence, I ask all concerned parties around the world to work to stop the discrimination and siege against the Palestinians by banks and electronic wallets. In this report, I will provide a summary of the difficulties I encountered in electronic money transfer and online shopping due to the financial blockade against the Palestinians. And I will present some methods to overcome the financial and money transfer blockade against Palestine and similar countries facing from same issue. This report consists from the following parts:

- 1 Summary of the difficulties I encountered in electronic money transfer and online shopping due to the financial blockade against the Palestinians
- 2 The problem of Google banning the residents of Palestine from Google Payment Service GPAY
- 3 Scandals of some websites for publishing books such as Ingramspark.com and other publishing websites that arbitrarily closed my accounts without reasons
- 4 My detailed complaint about Ingramspark.com that closed four accounts for publishing for me without the slightest reason
- 5 Summary of best bank transfer methods I realized during my evaluations
