Minority Language Broadcasting Helen Kelly-Holmes, 2001 This volume examines the historical context current state of and future prospects for broadcasting in minority languages taking Irish and Breton as case studies Practitioners and academics from a variety of disciplines come together to identify and debate the key issues that will mean success or failure for minority language broadcasting in the new millennium *Minority Language Media* Michael J. Cormack, Niamh Hourigan, 2007-01-01 This book is an international collection of essays by 14 researchers Included are essays on general topics on minority language media as well as studies of specific examples The contributors are all experienced researchers in this field Taken as a whole the book is the first attempt to define and develop minority language media as a distinct field of study **African Radio and Minority Languages** Limukani Mathe, 2025 Within Africa radio provides an important platform for accommodating diverse linguistic groups and enabling speakers to express themselves in their own local languages This book investigates how radio broadcasting across the continent provides a platform for the cultural participation and the representation of minority language speakers in a contested public sphere In African media a fierce contest wages for representation and participation in which majority languages often emerge at the exclusion of minority ethnolinguistic groups This book considers the important role that community radio stations can play in broadcasting in minority languages Drawing on in depth original analysis ethnographic observation and interviews with minority language radio hosts and guests from across South Africa Zimbabwe Nigeria Malawi Namibia Mozambique Lesotho and Kenya the book considers to what extent African radio is accommodative of minority languages and what the challenges and prospects are for this Ultimately the book argues that radio s three tier system of broadcasting through analog and digital radio leaves the medium of radio particularly well placed to provide equal access for ethnolinguistic groups in Africa This ambitious and broad ranging study will be an essential read for scholars and students of media studies and sociolinguistics in Africa Provided by publisher *Language Policy and Conflict Prevention* Iryna Ulasiuk, Laurențiu Hadîrcă, William Romans, 2018-04-10 Language policy can promote stability For many individuals and groups language is a key component of identity and threats to it can raise tensions Respect for linguistic rights whilst also considering a state s need to maintain cohesion reduces conflict potential The OSCE High Commissioner on National Minorities promotes functional solutions to such contentious issues and the Oslo Recommendations regarding the Linguistic Rights of National Minorities address these challenges This book analyses the components of a balanced legal and policy framework on language use with a view to preventing conflict In addition to reviewing the work of the OSCE HCNM in this area it also draws upon the expertise of

other international organisations and leading academics working in this field See inside the book **Language, Minorities and Human Rights** Fernand de Varennes, 2021-09-27 One of the most vexing issues in many of the world's so-called ethnic or minority conflicts is the question of language use by the State and its citizens While international and national law has traditionally viewed language preference to be within a State's prerogative at least when involving governmental activities and machinery this position has proved to be a continuous source of acrimony and conflict and wrong in some respects Language Minorities and Human Rights is the most complete book ever written on the topic providing for the first time an analysis of every aspect of language and the law In addition to presenting a theoretical model for language's particular position and relevance in human rights it constitutes an invaluable reference document by including the provisions of close to 100 international multilateral and bilateral instruments involving language rights as well as the constitutional provisions of 140 countries dealing with language By addressing little explored areas such as the language rights of indigenous peoples non citizens and even the use of script in addition to more traditional topics such as nationalism and language freedom of expression and non discrimination Language Minorities and Human Rights proposes a complete descriptive picture of language and human rights as well as proposing a number of suggestions on how to address and balance the many problems currently caused by the linguistic demands of various individuals and the interests of states in nation building Minority Language Media Miren Manias-Muñoz, Sergiusz Bober, Craig Willis, 2025-08-05 This book provides an overview of the current state of minority language media from policy formulation to practice in various contexts around the world In the same line it presents the main challenges and new opportunities in view of digitalization and the influence of new media providing a complete and useful perspective on the topic The authors seek to broaden discussion and share knowledge on language equality language diversity regulatory framework digitalization academic work public broadcasting kin state and sustainable communication from a minority language media perspective This volume answers some of the most relevant current questions within the field of study and it will be of use to university lectures students policymakers research centers public and private observatories advisory committees business professionals media practitioners journalists and media managers Language in the Media Sally Johnson, Astrid Ensslin, 2018-10-18 Examining the ways in which the media represents language related issues and how it shapes and constructs what people think language is this book offers a multilingual survey of the construction of language in and by the media Tackling the big issues of identity gender youth citizenship politics and ideology across a range of mediums including television radio newspapers magazines and the internet Language in the Media brings together an international team of experts to examine how the media gives language distinctive forms and values This is an essential text for students and researchers of sociolinguistics or language and communication At a time when trust in the mainstream media is at an all time low and world leaders are using new media to deride so-called fake news this classic text offers insight and critical analysis into the key issues surrounding the relationship between language the media and its

audience *Television broadcasting in Northern Ireland* Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee,2010-01-26 It has become apparent that Northern Ireland feels left behind in UK broadcasting terms Levels of production are comparatively low Northern Ireland producers find it difficult to win commissions from the UK's major broadcast organisations Digital switchover already under way in some parts of the UK will not occur in Northern Ireland until 2012 Nor since UTV remains strong enough to provide news in competition with the BBC will Northern Ireland benefit from public money proposed for new independently funded news consortia The evidence the Committee received confirms and demonstrates that Northern Ireland is the least well served of the UK's four nations in terms of network production that reflects and portrays its life and in the amount of network programming produced there The Committee makes a number of recommendations to remedy this **Language Rights Revisited - The Challenge of Global**
