Travel the world or stay home in your PJs while earning online. Avoid isolation and stay mentally strong in the remote work lifestyle. You'll also discover high-earning portable hustles like coaching, digital products, and content creation. Low-tech job options like virtual assistant work, ESL teaching, and customer support. Income stacking strategies that turn unstable gigs into steady income. A full 30-day launch checklist to help you go remote fast with confidence. This isn't just a book; it's your blueprint for freedom. Whether you're a total beginner or ready to scale your current hustle, Remote Work Playbook will show you exactly how to earn from anywhere. No gatekeepers. No fluff. Just action.

Information Systems and Design Victor Taratukhin, Mikhail Matveev, Jörg Becker, Yury Kupriyanov, 2022-01-27 This volume constitutes selected papers from the Second International Conference on Information Systems and Design (ICID 2021) held as a virtual event in September 2021. The 24 full papers and 4 short papers presented were thoroughly reviewed and selected from 51 submissions. They are organized in topical sections on digital transformation of enterprises based on analysis and management tools; practical focused research; methodological support of analysis and management tools; theoretical focused research; young scientists' research in the areas of enterprise digitalization. **New Venture**

Management Donald F. Kuratko, Jeffrey S. Hornsby, 2020-12-28 The third edition of this practical textbook provides an introduction to the world of new and emerging ventures and to the fundamentals of effective new venture management, including such diverse activities as planning, marketing, financing, and growth. This textbook is divided into four distinct parts, guiding readers through the entire new venture management process and focusing in turn on ideas and opportunities, planning, finance, and management challenges. All chapters of this revised edition feature international cases, and the complete business plan has been replaced with a contemporary version. Other new elements to the third edition include expanded coverage of the Lean Startup methodology, improved focus on the development and importance of teams, a new section on the emergence of equity crowdfunding, further discussion of ethics and the dangers of dramatic scaling. Presented in an easy-to-understand style, this book will be a valuable resource for undergraduate and postgraduate students in

entrepreneurship and new venture management classes as well as active new venture owners and managers Online resources include an instructor's manual test bank PowerPoint slides and additional materials to aid instructors and students in applying their knowledge
