Miracle Voodoo Mountain Remarkable Darkness:

Miracle on Voodoo Mountain Megan Boudreaux,2015-01-20 It took months of God waking me up in the middle of the night before I realized I was the one He was calling to leave my comfortable American life and move to Haiti Miracle on Voodoo Mountain is the inspirational memoir of an accomplished and driven 24 year old who quit her job sold everything and moved to Haiti by herself all without a clear plan of action Megan Boudreaux had visited Haiti on a few humanitarian trips but each trip multiplied the sense that someone needed to address the devastation especially with the children many of whom were kept as household slaves on the poverty stricken and earthquake devastated Caribbean island God guided her every step as she moved blindly to a foreign land without knowing the language the people or the future From becoming the adoptive mother of former child slaves to receiving the divine gift of the Haitian Creole language to starting building and running a school for more than 500 children the amazingness of what God did after I made the choice to be obedient is incredible said Megan Three years later six acres on Bellevue Mountain in Gressier is the home of the nonprofit Respire Haiti at the former site of voodoo worship and in the area that many still come to make animal sacrifices Megan and her staff of nearly 200 are transforming this community as they educate feed and address the needs

A Critical Anthropology of Childhood in Haiti Diane M. Hoffman,2024-01-11 This book offers a critical anthropological perspective on contemporary childhood in Haiti It is based on longitudinal ethnographic fieldwork carried out over a period of 13 years with vulnerable children in Haiti Diane M Hoffman raises important questions about how interventions by well meaning foreigners and white saviors often misrepresent Haitian culture and society as deficient while privileging their own emotions alongside supposedly universal ideas about children that reinforce their own power to define and intervene in Haitian lives She argues for a new approach to Haitian childhood that centers children s informal learning and self education alongside indigenous spirituality and constructions of personhood that can resist the hegemony of neo colonial and neo liberal forces Instead of representing the country and its children as a place of problems to be solved the book shows the importance prioritizing aspects of Haitian world views in order to develop a more culturally informed understanding of childhood in Haiti that can support genuine social change
