CYBER MONDAY

PASSAGE:

CYBER MONDAY: SHOPPING IN THE DIGITAL ERA

Cyber Monday is a special shopping day that takes place every year on the Monday after Thanksgiving. It is the online counterpart to Black Friday, focusing entirely on online shopping deals. This tradition began in 2005 when retailers noticed a significant increase in online shopping right after Thanksgiving. To encourage this trend, businesses started offering exclusive discounts on the Monday following the holiday weekend, and Cyber Monday was born.

One of the main reasons Cyber Monday became popular is its convenience. Instead of dealing with crowded stores and long lines, people can shop from the comfort of their homes. With just a few clicks, they can find discounts on electronics, clothing, toys, and more. Many retailers also offer free shipping and special online-only promotions, making the deals even more appealing.

.....
has grown tremendously over the years. Today, it is not only an online shopping day worldwide. Not only do large corporations, but smaller online shops also take advantage to attract new customers. This has made Cyber Monday a time for bargains and discovering unique items.

.....
highlights how technology has changed the way we shop. With the rise of smartphones, tablets, and faster internet, online shopping has become a normal part of life for many. Cyber Monday is a reminder of how technology connects us and makes shopping more easily than ever before.

.....
Yes, Cyber Monday has become a holiday tradition. Whether you are buying gifts for loved ones or treating yourself, look forward to this day for its great deals and ease of use.
