Netflix Foldable Phone Best:

Netflix's Speculative Fictions Colin Jon Mark Crawford, 2020-12-10 Netflix's Speculative Fictions Financializing Platform Television argues that Netflix's scaled expansion has hinged upon its ability not only to create but more importantly to communicate new forms and flows of potential value in platform capitalism wherein capital is mobilized not only from direct revenue streams but also the new value assigned to inputs and investments of data debt attention behavior taste time sociality and speculation To interpret and critique these new communications and projections of value Colin Jon Mark Crawford performs a discursive analysis of the platform television industry leader Netflix and its investor lore the multi-sited narrative of value found in the company's investor relations materials and corporate communications such as letters to shareholders financial earnings reports executive interviews press releases and blog posts Netflix best represents the increasingly ubiquitous nexus of culture tech and finance industries that is platform television To better understand the emergent financial logics of this relatively new media industry we must first understand the speculative narratives and discourses of value which organize it Scholars of media studies television studies technology studies and economics will find this book particularly useful [The Netflix Effect](#) Kevin McDonald, Daniel Smith-Rowsey, 2018-02-22 Netflix is the definitive media company of the 21st century It was among the first to parlay new Internet technologies into a successful business model and in the process it changed how consumers access film and television It is now one of the leading providers of digitally delivered media content and is continually expanding access across a host of platforms and mobile devices Despite its transformative role however Netflix has drawn very little critical attention far less than competitors such as YouTube Apple Amazon Comcast and HBO This collection addresses this gap as the essays are designed to critically explore the breadth and diversity of Netflix's effect from a variety of different scholarly perspectives a necessary approach considering the hybrid nature of Netflix its inextricable links to new models of media production distribution viewer engagement and consumer behavior its relationship to existing media conglomerates and consumer electronics its capabilities as a web-based service provider and data network and its reliance on a broader technological infrastructure

Orchestrating Supply Chain Opportunities Ananth Iyer, 2011-04-15 Efficient planning and superior execution against clear objectives is the way companies operate best For many companies the planning process is carefully orchestrated objectives are set budgets are negotiated resources are allocated and then it's up to the organization to execute But what happens when the unexpected occurs Say an event occurs that throws the status quo into turmoil What if your business declines by 40% in 1 month what do you do Conversely what if your demand spikes by 50% in just a few months what then Suppose a natural disaster happens or a new technology creates a significant but unplanned opportunity We call these events stretch opportunities This book will focus on strategic thinking and tactical examples of how best to prepare for such events We will outline common themes across all such challenges We will introduce three key management concepts Flexibility Agility and Real Options We also include a specific chapter on how to structure supply chains to capitalize on stretch opportunities and we provide specific tactical frameworks to build in agility flexibility and real options into a supply chain We will end with a checklist that managers can use to ensure that the right

questions are asked in developing supply chains so that the ability to surge at profitable opportunities is nourished
