Automate the Boring Stuff with Python, 2nd Edition Al Sweigart, 2019-11-12. Learn how to code while you write programs that effortlessly perform useful feats of automation. The second edition of this international fan favorite includes a brand new chapter on input validation, Gmail and Google Sheets automations, tips for updating CSV files and more. If you've ever spent hours renaming files or updating spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? Automate the Boring Stuff with Python 2nd Edition teaches even the technically uninclined how to write programs that do in minutes what would take hours to do by hand, no prior coding experience required. This new fully revised edition of Al Sweigart's bestselling Pythonic classic Automate the Boring Stuff with Python covers all the basics of Python 3 while exploring its rich library of modules for performing specific tasks like scraping data off the Web, filling out forms, renaming files, organizing folders, sending email responses, and merging, splitting, or encrypting PDFs. There's also a brand new chapter on input validation, tutorials on automating Gmail and Google Sheets, tips on automatically updating CSV files, and other recent feats of automations that improve your efficiency. Detailed step-by-step instructions walk you through each program, allowing you to create useful tools as you build out your programming skills, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Boring tasks no longer have to take to get through, and neither does learning Python.

Android : Operate Android Vijay Kumar Yadav, 2022-07-09. There are over three billion active monthly Android devices around the world, and in the last year 2021 alone more than a billion new Android phones have been activated.
