Integrating the Expressive Arts Into Counseling Practice, Second Edition Suzanne Degges-White, Nancy L. Davis, 2017-09-28 When I used it I felt it was a very valuable resource linking work with the arts to the theoretical foundations of counseling Sally S Atkins EdD Professor Emerita Founding Director of Expressive Arts Appalachian State They Students like the activities since it helps them learn more about the counseling theory which was discussed in the Theories of Counseling class It provides more application Some activities are pretty detailed and class time does not allow for much practice But we discuss how this could be used in therapy sessions groups The book is short and very pointed in its information and use We like it Judy A Schmidt EdD CRC LPCA University of North Carolina at Chapel Hill Expanded and revised to reflect a broader understanding of the complementary approach to therapeutic treatment this is the only text to integrate expressive arts counseling techniques with major theories of counseling and psychology Substantial changes to the

second edition include new chapters that address Neuroscience and Counseling Trauma Informed Counseling Animal Assisted Therapy Mindfulness and Counseling and Family Counseling along with a greater emphasis on cultural and diversity considerations throughout The book is updated with over 30 new interventions including animal assisted and videographic interventions and new information about the neuroscientific foundations of expressive arts therapies Updated references in each chapter and a suite of Instructor s Materials also add to value of the second edition The text integrates expressive arts therapies with 12 commonly used treatment modalities Each chapter reviews a particular theory and describes how expressive and creative techniques can support and be easily integrated within that orientation Over 90 field tested step by step interventions created by leading practitioners offer students and clinicians techniques that can be put to use immediately New to the Second Edition New chapters address Neuroscience and Counseling Trauma Informed Counseling Animal Assisted Therapy Mindfulness and Counseling and Family Counseling and the Expressive Arts Cultural and diversity considerations in each chapter Updated with new references Over 30 new interventions including videography Instructor s materials Key Features Integrates expressive arts counseling techniques with 12 major theories of counseling and psychology Presents over 90 expressive art interventions in easy step by step format Includes art writing bibliotherapy drama music movement dance puppetry and sand play Discusses appropriate populations settings and diagnoses for each intervention Includes interventions that can be put to use immediately

The Changing Shape of Art Therapy Andrea Gilroy, Gerry McNeilly, 2000 Including contributions from some of the leading art therapists in Britain this important book addresses the key issues in the theory and practice of art therapy The fundamental significance of the art in art therapy practice permeates the book close attention being paid by several writers to the art making process and the aesthetic responses of therapist and client Other authors explore the tensions between art and therapy images and speech subjectivity and objectivity arguing that the dynamic interplay between these elements is inherent to the practice of art therapy The role of containment is another theme that is explored by contributors in a variety of ways to highlight the importance not only of the therapeutic containment of the client by the therapist but also the containment of the therapist The physical contexts of the session within an art room and within the larger working environment are identified as important arenas where conflict and tension is experienced and must be explored if art therapy is to continue to develop

Integrating the Arts in Therapy Shaun McNiff, 2009 In 1981 the author first published the groundbreaking classic text The Arts and Psychotherapy This book is a rework of the original text This new work integrates theory with practice drawing upon concrete examples and case studies It details the emergence of a multidisciplinary approach to working with people everywhere and offers glimpses into clinical work with children adolescents and adults
