writing a simple spreadsheet With this book you will build business apps designed to work with your company's systems and databases without having to enlist the expertise of costly professionally trained software developers In Beginning PowerApps author and business applications expert Tim Leung guides you step by step through the process of building your own mobile app He assumes no technical background although if you have worked with Excel you are one step closer He guides you through scenarios such as what to do if you have existing databases with complex data structures and how to write screens that can connect to those data You will come away with an understanding of how to set up screen navigation manipulate data from within apps and write solutions to perform specific tasks What You'll Learn Connect with data Write formulas Visualize your data through charts Work with global positioning systems GPS Build flows Import and export data Manage offline scenarios Develop custom application programming interfaces API Who This Book Is For Beginners and non developers and assumes no prior knowledge of PowerApps

Smart Use of State Public Health Data for Health Disparity

Assessment Ge Lin, Ming Qu, 2018-09-03 Health services are often fragmented along organizational lines with limited communication among the public health related programs or organizations such as mental health social services and public health services This can result in disjointed decision making without necessary data and knowledge organizational fragmentation and disparate knowledge development across the full array of public health needs When new questions or challenges arise that require collaboration individual public health practitioners e.g surveillance specialists and epidemiologists often do not have the time and energy to spend on them Smart Use of State Public Health Data for Health Disparity Assessment promotes data integration to aid crosscutting program collaboration It explains how to maximize the use of various datasets from state health departments for assessing health disparity and for disease prevention The authors offer practical advice on state public health data use their strengths and weaknesses data management insight and lessons learned They propose a bottom up approach for building an integrated public health data warehouse that includes localized public health data The book is divided into three sections Section I has seven chapters devoted to knowledge and skill preparations for recognizing disparity issues and integrating and analyzing local public health data Section II provides a systematic surveillance effort by linking census tract poverty to other health disparity dimensions Section III provides in depth studies related to Sections I and II All data used in the book have been geocoded to the census tract level making it possible to go more local even down to the neighborhood level

Guide to Web Development with Java

Tim Downey, 2021-04-12 This comprehensive Guide to Web Development with Java introduces the readers to the three tiered Model View Controller architecture by using Spring JPA JSPs and Spring MVC controllers These three technologies use Java so that a student with a background in programming will be able to master them with ease with the end result of being able to create web applications that use MVC validate user input and save data to a database Topics and features Presents web development topics in an accessible easy to follow style focusing on core information first and allowing the reader to gain

basic understanding before moving forwards Contains many helpful pedagogical tools for students and lecturers such as questions and exercises at the end of each chapter detailed illustrations chapter summaries and a glossary Uses existing powerful technologies that are freely available on the web to speed up web development such as Spring Boot Spring MVC Spring JPA Hibernate JSP JSTL and Java 1 8 Discusses HTML HTML forms and Cascading Style Sheets Starts with the simplest technology for web development JSP and gradually introduces the reader to more complex topics Introduces core technologies from the outset such as the Model View Controller architecture Includes examples for accessing common web services Provides supplementary examples and tutorials

Advances in Multimedia Modeling Susanne Boll, Qi Tian, Lei Zhang, Zili Zhang, Yi-Ping Phoebe Chen, 2009-12-24 The 16th international conference on Multimedia Modeling MMM2010 was held in the famous mountain city Chongqing China January 6 8 2010 and hosted by Southwest University MMM is a leading international conference for researchers and industry practitioners to share their new ideas original research results and practical development experiences from all multimedia related areas MMM2010 attracted more than 160 regular special session and demo session submissions from 21 countries regions around the world All submitted papers were reviewed by at least two PC members or external reviewers and most of them were reviewed by three reviewers The review process was very selective From the total of 133 submissions to the main track 43 32 3% were accepted as regular papers 22 16 5% as short papers In all 15 papers were received for three special sessions which is by invitation only and 14 submissions were received for a demo session with 9 being selected Authors of accepted papers come from 16 countries regions This volume of the proceedings contains the abstracts of three invited talks and all the regular short special session and demo papers The regular papers were categorized into nine sections 3D modeling advanced video coding and adaptation face gesture and applications image processing image retrieval learning semantic concepts media analysis and modeling semantic video concepts and tracking and motion analysis Three special sessions were video analysis and event recognition cross X multimedia mining in large scale and mobile computing and applications The technical program featured three invited talks parallel oral presentation of all the accepted regular and special session papers and poster sessions for short and demo papers
