Savage shows how economic inequality aggravates cultural social and political conflicts challenging the framework of liberal democracy By fracturing social bonds inequality turns back the clock reviving conditions we have struggled for centuries to escape including empire dynastic elitism and explosive ethnic division *Human Capital* Gary S. Becker, 2009-05-15 Human Capital is Becker's classic study of how investment in an individual's education and training is similar to business investments in equipment Recipient of the 1992 Nobel Prize in Economic Science Gary S. Becker is a pioneer of applying economic analysis to human behavior in such areas as discrimination marriage family relations and education Becker's research on human capital was considered by the Nobel committee to be his most noteworthy contribution to economics This expanded edition includes four new chapters covering recent ideas about human capital fertility and economic growth the division of labor economic considerations within the family and inequality in earnings Critics have charged that Mr. Becker's style of thinking reduces humans to economic entities Nothing could be further from the truth Mr. Becker gives people credit for having the power to reason and seek out their own best destiny Wall Street Journal

Handbook on Transnationalism Yeoh, Brenda S.A., Collins, Francis L., 2022-01-18 Providing a critical overview of transnationalism as a concept this Handbook looks at its growing influence in an era of high speed globalised interconnectivity It offers crucial insights on how approaches to transnationalism have altered how we think about social life from the family to the nation state whilst also challenging the predominance of methodologically nationalist analyses Global University Rankings and the Mediatization of Higher Education Michelle Stack, 2016-04-12 Higher Education Institutions simultaneously critique and participate in national and international rankings of universities However this creates a difficult situation since if universities do participate in rankings they acquiesce to a system based in media logics that has little to do with academic norms of research If they do not participate in the rankings they risk losing public funding students and donors in an increasingly competitive and globalized environment This book delves into the influence of journalists business tycoons and multinational corporations in defining what world class is and how it will be measured Rankings provide us with a rich study for understanding how universities define deploy and manage their assets and liabilities in a mediatized globalized economy Oxford, the Collegiate University Ted Tapper, David Palfreyman, 2010-11-03 Oxford is one of the world's great universities but this has not meant that it is exempt from pressures for change On various fronts it has been required to meet the challenges that universities almost worldwide have to face Given the retrenchment of public funding especially to support undergraduate teaching it has been required to augment its financial base while at the same time deciding how to respond to pressure from successive governments determined to use higher education to achieve their own policy goals While still consistently ranked as a world class university it has to decide how it is to acquire the funding to continue in this league or whether this goal is worth pursuing Oxford is a collegiate university which means its colleges share with the University responsibility for the delivery of its central goals Is this balance of authority shifting over time If so how is this to be accounted for and what are

the likely outcomes for the collegiate university This book sets out to address these questions and arrives at an essentially positive conclusion Oxford will continue to remain an effective collegiate university and while its identity will change its central character will persist
