Beyond the Boardroom Dr. Piali Halder, Dr. Brijlal Malik, 2025-06-19 The book *Beyond the Boardroom: Practical Management Cases in Indian Context* is a timely and valuable contribution to the field of management education and practice in India. As management education continuously evolves in a competitive environment, there is a growing need for resources that go beyond theoretical frameworks and provide real-world insights into decision-making, problem-solving, and leadership. This edited volume responds to that need by offering a comprehensive collection of 100 carefully selected and well-structured case studies drawn from the Indian business environment. By blending theory with practice, the book bridges the gap between classroom learning and the complex realities faced by managers and organizations in diverse industries. At its core, the book recognizes the importance of contextualising management knowledge. Much of management literature historically has been dominated by Western perspectives and examples.
