Siri, Alexa, and Other Digital Assistants Nicole Hennig, 2018-09-24 Apple has Siri Amazon Alexa Google Assistant and Microsoft Cortana Learn how you can use a popular technology to improve library services increase their efficiency and excel in your career Digital assistants such as Alexa and Siri can play music podcasts audiobooks and the radio answer questions provide factual information tell stories and even control devices in your home What can they do for you in your library This concise practical guide will help you to understand the basics of voice computing platforms and appreciate its relevance to you as a librarian outlining specific applications for this technology in the library Discussions of potential applications will inspire you to include voice computing in your library services and events and give you the tools you need to do so You ll also find a list of the best sources on voice computing In short you will find everything you need to know about this important and growing technology and how you can use it in your library *Buy Now* Emily West, 2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy Amazon is ubiquitous in our daily lives we stream movies and television on Amazon Prime Video converse with Alexa receive messages on our smartphone about the progress of our latest orders In *Buy Now* Emily West examines Amazon s consumer facing services to investigate how Amazon as a brand grew so quickly and inserted itself into so many aspects of our lives even as it faded into the background becoming a sort of infrastructure that can be taken for granted Amazon promotes the comfort and care of its customers but not its workers to become the ultimate service brand in the digital economy West shows how Amazon has cultivated personalized intimate relationships with consumers that normalize its outsized influence on our selves and our communities She describes the brand s focus on speedy and seamless ecommerce delivery represented in the materiality of the branded brown box the positioning of its book retailing media streaming and smart speakers as services rather than sales and the brand s image control strategies West considers why pushback against Amazon s ubiquity and market power has come mainly from among Amazon s workers rather than its customers or competitors arguing that Amazon s brand logic fragments consumers as a political bloc West s innovative account the first to examine Amazon from a critical media studies perspective offers a cautionary cultural study of bigness in today s economy *Competition Law and Policy in Digital Markets* Maria Ioannidou, Bingwan Xiong, 2025-03-01 The advent of digital technologies has transformed markets and resulted in unprecedented levels of market concentration with a handful of digital giants controlling the provision of many goods and services Against these changing market dynamics *Competition Law and Policy in Digital Markets A Comparative Analysis of the EU and China* provides a critical comparative analysis of the application of competition law in digital markets in the EU and China The book deciphers how these two key competition law jurisdictions apply their respective competition laws against different digital giants and the potential impact of those applications in the evolution of digital markets This book first maps the characteristics of digital markets and the challenges

they raise for competition law enforcement and second critically discusses decisional practice and policy developments in the EU and China The discussion identifies potential competition law problems in the digital economy and covers various types of anti competitive conduct at the intersection of consumer data protection and competition law It also identifies contentious cases querying whether competition law can act as a gap filler or whether other regulatory tools are better suited to address such problems Pioneering and timely Competition Law and Policy in Digital Markets examines the challenges posed to competition law enforcement by these new dynamics The similarities and divergent approaches between competition law enforcers in the EU and China are examined in a bid to contribute to a more transparent debate between the two **Post**

Corona Scott Galloway, 2020-11-24 New York Times bestseller Few are better positioned to illuminate the vagaries of this transformation than Galloway a tech entrepreneur author and professor at New York University's Stern School In brisk prose and catchy illustrations he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market share grabbing opportunity of a lifetime The New York Times As good an analysis as you could wish to read The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful urgent analysis of who stands to win and who's at risk to lose in a post pandemic world The COVID 19 outbreak has turned bedrooms into offices pitted young against old and widened the gaps between rich and poor red and blue the mask wearers and the mask haters Some businesses like home exercise company Peloton video conference software maker Zoom and Amazon woke up to find themselves crushed under an avalanche of consumer demand Others like the restaurant travel hospitality and live entertainment industries scrambled to escape obliteration But as New York Times bestselling author Scott Galloway argues the pandemic has not been a change agent so much as an accelerant of trends already well underway In Post Corona he outlines the contours of the crisis and the opportunities that lie ahead Some businesses like the powerful tech monopolies will thrive as a result of the disruption Other industries like higher education will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder And the pandemic has accelerated deeper trends in government and society exposing a widening gap between our vision of America as a land of opportunity and the troubling realities of our declining wellbeing Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger Galloway offers both warning and hope in equal measure As he writes Our commonwealth didn't just happen it was shaped We chose this path no trend is permanent and can't be made worse or corrected *Closing the Care Gap with Wearable Devices* Michael Davis, Michael Kirwan, Walter MacLay, Harry

Pappas, 2022-12-07 Patient focused healthcare driven by COVID 19 experiences has become a hallmark for providing healthcare services to patients across all modalities of care and in the home The ability to capture real time patient data no matter the location via remote patient monitoring and to transmit that data to providers and organizations approved by the consumer patient will become a critical capability for all healthcare providers Of all the remote patient monitoring product

designs wearable medical devices are emerging as the best positioned to support the evolving patient focused healthcare environment This book is for those who are evaluating selecting implementing managing or designing wearable devices to monitor the health of patients and consumers This book will provide the knowledge to understand the issues that mitigate the risk of wearable technologies so people can deliver successful projects using these technologies It will discuss their use in remote patient monitoring the advantages and disadvantages of different types of physiological sensors different wireless communication protocols and different power sources It will describe issues and solutions in cybersecurity and HIPAA compliance as well as setting them up to be used in healthcare systems and by patients **AI Business for Everyone**
