Black Friday Greg J. Gardner,2019-07-03 Greg J Gardner brings to life the darkest terror attack America has every faced when a small enclave of Islamic extremists works to bring about the collapse of the American ideal Gripping engrossing and

graphic without being grotesque the story follows a small but well trained group of terrorists who attack busy shopping centers and grocery stores during the height of holiday shopping and the busiest day of the year Black Friday From the bloody front line to the CNN news desk and from California to the Oval Office Black Friday details the attack from the moment it begins in the small town of Boone North Carolina Simultaneously in several states jihadist teams open fire on shoppers with semiautomatic weapons killing thousands in minutes As America reels from this attack another begins Hell bent on the destruction of America and willing to give their lives the terrorists will stop at nothing to kill as many innocent people as possible dividing America in the process and turning neighbor against neighbor As race and religious differences threaten to push the country apart the American people must fight to overcome differences and band together to conquer a common enemy While it augurs an effect on the United States more eerie than a prolonged nightmare Black Friday sets forth in convincing detail what a small enclave of Islamic extremists could do to bring about the collapse of the American ideal Indeed in this breakout novel by Greg Gardner a cadre of terrorists brings about a transformation in this country that no one now anticipates And yet Gardner s narrative of unfolding horrors is neither a condemnation of Islam nor anthem to America s virtues It is a play by play through a harrowing month in the tribulation of ordinary people who comprise the bedrock of America during the course of a continuing nationwide atrocity Gripping engrossing and graphic without being grotesque I can argue that Black Friday is precisely what would happen from the White House to the newsrooms across the continent to the back roads around every town when a few dozen well trained well coordinated and determined fanatics do what in their perverse minds God demands of them David A Woodbury author of Tales to Warm Your Mind Ten Whimsically Morbid Short Stories The Clover Street News Fire Wind Yesterday A Tale of Ukraine and Khazaria and Babie Nayms Baby Names *The One Year Daily Acts of Kindness Devotional* Kristin Demery,Kendra Roehl,Julie Fisk,2017-10-17 What would happen if you and your family committed to doing one act of kindness each day for a year Our world desperately needs more kindness Whether it s on social media in the news or between your arguing kids it can seem like conflict and disconnection are everywhere But imagine how much better life would be if we got intentional about being kind This year embark on a journey to make kindness a part of your life home and soul In *The One Year Daily Acts of Kindness Devotional* you ll find Scripture passages and inspirational personal stories about why God calls us to show kindness what it means to live a life of generosity and how you can incorporate kindness into your everyday routine and teach it to your kids with tons of simple easy to do ideas Show your world the kind of love that is possible with daily acts of kindness that will change your heart inspire your family and draw you closer to God Consumed Aja Barber,2021-10-05 A call to action for consumers everywhere Consumed asks us to look at how and why we buy what we buy how it s created who it benefits and how we can solve the problems created by a wasteful system We live in a world of stuff We dispose of most of it in as little as six months after we receive it The byproducts of our quest to consume are creating an environmental crisis Aja Barber wants to change this and

you can too In Consumed Barber calls for change within an industry that regularly overreaches with abandon creating real imbalances in the environment and the lives of those who do the work often in unsafe conditions for very low pay and the billionaires who receive the most profit A story told in two parts Barber exposes the endemic injustices in our consumer industries and the uncomfortable history of the textile industry one which brokered slavery racism and today s wealth inequality Once the layers are peeled back Barber invites you to participate in unlearning to understand the truth behind why we consume in the way that we do to confront the uncomfortable feeling that we are never quite enough and why we fill that void with consumption rather than compassion Barber challenges us to challenge the system and our role in it The less you buy into the consumer culture the more power you have Consumed will teach you how to be a citizen and not a consumer
