 Shifting Views draws together a selection of writing from across twenty five years of these conferences to provide a fascinating view into the region's architectural history discipline. The essays collected here from such diverse thinkers as Judith Brine, Joan Kerr, Miles Lewis, Sarah Treadwell, Philip Goad, Julie Willis and Mike Austin reflect some of the most illuminating debates from these conferences. Together these essays capture a tone of critical inquiry and the conditions of writing architectural history in Australia and New Zealand. Shifting Views takes us into the mechanics of architectural history making, exposing its foundations and demonstrating how they can be called to account. It shows us how architectural history has been made and revised, giving us a glimpse of the means by which our past becomes our history. BOOK JACKET
