Pershing And His Generals Command And Staff In The Aef:

Pershing and His Generals James J. Cooke, 1997-11-25 When the United States entered the Great War in April of 1917 there were few officers with any staff training and none had actually served on large complex staffs in combat This work traces the development of the staff of the AEF and describes how Pershing found the generals to command those divisions that fought on the Western Front in World War I Many of Pershing s generals had been colonels only a few months prior to assuming command of divisions John J Pershing s task was to mold a diverse group of men into effective staff officers and into general officers to face the rigors of modern combat How he accomplished this task and how well the AEF did is the focus of this work on the AEF s command and staff structure U.S. Leadership in Wartime Spencer C. Tucker, 2009-09-10 A historical study of the relationship between civilian and military leaders in the United States during wartime from the American Revolution to the Iraq War Now from one of the world s leading publishers of military history comes a breakthrough reference on one of the most important and complex aspects of U S national defense U S Leadership in Wartime Clashes Controversy and Compromise offers a comprehensive analysis of the characteristics that constitute effective leadership in war and discusses the often contentious relationships between U S civilian and military leadership throughout American history U S Leadership in Wartime focuses on ten conflicts including the Revolutionary War the Civil War World Wars I and II the Vietnam War the Iraq War and the war in Afghanistan Coverage for each conflict focuses on the dynamics of civilian military relations and their impact on the course outcome and perception of each war under discussion Coverage in each chapter includes an overview essay sidebars and detailed treatments of key engagements and battles as well as detailed biographical essays of important figures not just politicians and generals but also labor leaders business leaders journalists and women **The Big Red One** James Scott Wheeler, 2007 No mission too difficult no sacrifice too great Duty First For almost a century from the Western Front of World War I to the deserts of Iraq this motto has spurred the soldiers who wear the shoulder patch bearing the Big Red One In this first comprehensive history of America s 1st Infantry Division James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation The oldest continuously serving division in the U S Army the Fighting First has consistently played a crucial role in America s foreign wars It was the first American division to see combat and achieve victory in World War I and set the standard for discipline training endurance and tactical innovation One of the few intact divisions between the wars it was the first army unit to train for amphibious warfare During World War II the First Division spearheaded the invasions of North Africa and Sicily before leading the Normandy invasion at Omaha Beach and fighting on through the Hurtgen Forest the Battle of the Bulge the Ruhr Pocket and deep into Germany By war s end it had developed successful combined arms regimental combat teams and made advances in night operations Wheeler describes the First Division s critical role in postwar Germany and as the only combat division in Europe during the early Cold War After returning to the United States at

Fort Riley Kansas the division fought valiantly in Vietnam for five trying years successfully protecting Saigon from major infiltration along Highway 13 while pioneering air mobile operations It led the liberation of Kuwait in Desert Storm and kept an uneasy peace in Bosnia and Kosovo Along the way Wheeler illuminates the division s organizational evolution its consistently remarkable commanders and leaders and its equally remarkable soldiers Meticulously detailed and engagingly written *The Big Red One* nimbly combines historical narrative with astute analysis of the unit s successes and failures so that its story reflects the larger chronicle of America s military experience over the past century *America and World War One* David R. America's School for War Peter J. Schifferle,2010-04-05 When the United States entered World War II it took more than industrial might to transform its tiny army smaller than even Portugal s into an overseas fighting force of more than eight and a half million Peter Schifferle contends that the determination of American army officers to be prepared for the next big war was an essential component in America s ultimate triumph over its adversaries Crucial to that preparation were the army schools at Fort Leavenworth Interwar Army officers haunted by the bloodshed of World War I s Meuse Argonne Offensive fully expected to return to Europe to conclude the unfinished business of that conflict and they prepared well Schifferle examines for the first time precisely how they accomplished this through a close and illuminating look at the students faculty curriculum and essential methods of instruction at Fort Leavenworth He describes how the interwar officer corps there translated the experiences of World War I into effective doctrine engaged in intellectual debate on professional issues conducted experiments to determine the viability of new concepts and used military professional education courses to substitute for the experience of commanding properly organized and resourced units Schifferle highlights essential elements of war preparation that only the Fort Leavenworth education could provide including intensive instruction in general staff procedures hands on experience with the principles and techniques of combined arms and the handling of large division sized formations in combat This readied army officers for an emerging new era of global warfare and enabled them to develop the leadership decision making they would need to be successful on the battlefield But Schifferle offers more than a recitation of curriculum development through the skillful interweaving of personal stories about both school experiences and combat operations collectively recounting the human and professional development of the officer corps from 1918 to 1945 Well crafted and insightful Schifferle s meticulously researched study shows how and why the Fort Leavenworth experience was instrumental in producing that impressive contingent of military officers who led the U S Army to final victory in World War II By the end of the book the attentive reader will also fully comprehend why the military professionals at Fort Leavenworth have come to think of it as the Intellectual Center of the Army ***America's Deadliest Battle*** Robert H. Meuse-Argonne Diary William M. Wright,2004-06-09 During America s participation in World War I 1917 1918 only a single commander of a division William M Wright is known to have kept a diary In it General Wright relates his two month experience at St Mihiel and especially the Meuse Argonne the largest and most costly battle in American history In the Meuse Argonne the Eighty ninth Division made up of 28 000 draftees from Missouri and Kansas and under Wright s command was one of the two American point divisions beginning November 1 1918 when the U S First Army forced the German defenders back to the Meuse River and helped end World War I as the main German railway line for the entire Western Front came under American artillery fire It was a great moment and Wright was at the center of it Robert Ferrell skillfully supplements the diary with his own narrative making use of pertinent manuscripts notably a memoir by one of Wright s infantry regiment commanders The diary shows the exacting attention that was necessary to keep such a large unwieldy mass of men in motion It also shows how the work of the two infantry brigadiers and of the two supporting artillery brigades required the closest attention Meuse Argonne Diary a unique account of among other things a singular moment in the Great War in which American troops ensured victory will fascinate anyone interested in military history in general and World War I in particular From the Diary September 13 1918 Got no sleep at all last night About two o clock in the morning Col Heintzelman chief of staff of the corps came out and he was much pleased with what the division had accomplished and with the way they had gone through It was the division s first battle and it played a very important and creditable part Certain things fell down The truth of the matter is the troops got away from the wire and it was impossible to keep the wire up through the tangle of barbed wire and woods We captured 3 000 prisoners on our front alone and have lost 521 November 1 1918 Considerable heavy artillery fire all night The preparation fire went down promptly at 3 30 it was very heavy The barrage went down promptly at 5 30 Troops jumped off At 7 30 thirty prisoners reported from Le Dhuy Fme taken by the 353rd and 354th infantries I don t understand what the 353rd Infantry is doing in there as it is out of the sector At 7 00 a m there was a distinct lull in the artillery fire I told Hanson at 8 05 to move his troops forward to parallel 86 immediately He stated that he would get them going about 8 30 but actually did not get them started until about eleven o clock I sent for him on arrival and told him to hurry his men up Before Lee left I had ordered the divisional reserve to move forward with its advance element on the first objective to maintain their echelonment in depth Smyser came in at one o clock and I ordered the divisional machine guns to the front to take position about one half kilometer east of Dhuy Fme At the time the reserves were ordered forward I ordered Hanson to take his P C to Dhuy Fme Hanson has just arrived I do not understand why he is always so slow He seems to be inordinately stupid Publishers website
