- Leveraging the customer relationship features of Magento 2
- Securing and optimizing your installation

In Detail

Magento 2 has been completely re-written and re-designed to take the world's most popular open source e-commerce platform to new heights of productivity and usability. With this overhaul comes improved opportunities to leverage the world's most successful open source e-commerce platform for your online retail and wholesale business. The focus of this book is on operational aspects: those actions you as a proprietor can take to give your customers a more delightful shopping experience. In this guide we delve into all aspects of managing a Magento 2 store: from product creation to marketing, customer management to search engine optimization. This book is not only a step-by-step course in setting up your Magento 2 website; it will be a handy reference as you continue to improve and refine your online presence.

Style and approach

A step-by-step guide where it takes the reader from the planning step all the way through launching a new Magento-powered store by building on the initial sample data included in a default Magento 2 installation. Along the way we explore using discrete action steps how to leverage the full power of Magento 2 for both simple and advanced uses. Screenshots and step-by-step instructions not only teach the new Magento store administrator but also serve as a handy reference for the more experienced operators.
