**The Idea of Being Indians and the Making of India** George Varugheese, 2013-06 The book *The Idea of Being Indians and the Making of India* is a must read for all Indians It informs them why India is a colony of its middle class who keeps the 80 percent of the population out of the benefits of all economic planning and development The answer is that the struggle for India's freedom was waged by its middle class leaders only to drive the British out of power and not to get rid of the feudal fascist governance structures of administration judiciary and police which were crushing us according to Nehru's admission in his book *The Discovery of India* These crushing structures our leaders themselves took over and had the taste of the power and pelf that flowed and their feast still continues while the nation gets the human development ranking at 136 among 187 nations according to the latest Human Development Report released by the UNDP in March 2013 The book narrates in lucid language that the noble and highly egalitarian missions of the Indian Republic contained in the Preamble to the Constitution of India could not be translated into experiential comforts for people of this country only because they were not compatible with the feudal fascist revenue collection oriented structures inherited from the British The book argues that when leaders who after making a set of highly republican and democratically oriented development objectives for their country adopt them as the Preamble to the Constitution of India instead of creating relevant democratic republican governance structures to implement they deliberately pick up the regressive feudal fascist governance structures used by the colonial government for their selfish ends It is tantamount not only to a political scam but to a spiritual one The author gives a twelve point sarvodaya good governance model as remedy to these strategic errors of our founding fathers and for making a resurgent India with the help of the mission statements of the Indian Republic enshrined in the Preamble to the Constitution of India The author argues that the mission statements in the Preamble to the Constitution of India contain the idea of being Indians of a healthy prosperous and peaceful society at total or 100 percent population level The making of India of such a society is in the hands of the people of India especially the youth

**Fans and Fandom** Holly Swinyard,2025-11-04 A history of the fandom and fan culture from ancient tales to modern media celebrate the history impact and diversity of fandoms Do you have a Google alert for your favourite band going on tour Or maybe you have a pull list at your local comicbook shop Or perhaps you ve got a season ticket to your sports team of choice That would make you a fan whether you realise it or not and there s a lot more to fan culture than you might think In the 21st century pop culture is everywhere you can t move for a new superhero film or major franchise appearing in our lives and we love it We re just jumping into the media landscape headfirst in order to get more of our favs track down spoilers and deep dive about plot lines on social media It s hard to deny fan culture as part of the world now there s a fandom for everyone but what does that actually mean and where did it come from From ancient times to modern media humans have shared their love for the stories that mean something to them and brought in others to be fans of them too We ve written ourselves in made art of and celebrated with others who love the same things as us all in the name of being a fan even before the word fan existed There s a whole lot of who where what when why how and huh to look into when it comes to fan culture From Shakespeare to Superman Dickens to Daleks and fanfiction to Frodo there is so much more to fandom than meets the eye And a whole lot of references to pack in too
