Compare and Contrast

When we compare two things, we tell how they are alike.

When we contrast two things, we tell how they are different.

Owls and Bats	
There are many ways that owls and bats are similar. Owls and bats are both nocturnal. This means that they sleep during the day and they are awake during the night. At night they hunt for their food. Owls and bats eat some of the same types of food such as insect and small rodents. While owls and bats can both fly only one is considered to be a type of bird. Owls are birds and bats are not. Both are mammals that can fly. Unlike owls, bats have fur instead of feathers. Another difference between birds and owls are their babies. Owls hatch from eggs but bats are born alive. Can you think of any other difference?	 

Use the Venn diagram and record the similarities and differences between the owl and bat that are in the passage.

Multiple Perspectives on Difficulties in Learning Literacy and Numeracy Claire Wyatt-Smith, John Elkins, Stephanie Gunn, 2010-10-28 There are many approaches to researching the difficulties in learning that students experience in the key areas of literacy and numeracy This book seeks to advance understanding of these difficulties and the interventions that have been used to improve outcomes The book addresses the sometimes complementary and sometimes contradictory results and generates new approaches to understanding and serving students with difficulties in literacy and numeracy The book represents a departure from conventional wisdom as most scholars and graduate students draw upon ideas from only one of the three domains focal in the book and usually from one single or dominant theoretical frame Typically readers will affiliate with reading education mathematics education or learning disabilities and belong to one of the corresponding professional associations such as IRA NCTM or CLD This book's scope will open a scholarly forum for engaging readers with a familiarity with one of these domains while providing insight into the others on offer in the book

Khaled Hosseini Ayse Gökce, 2011 Seminar paper from the year 2011 in the subject English Pedagogy Didactics Literature Studies grade 1-7 Friedrich Alexander University Erlangen Nuremberg Lehrstuhl Fremdsprachendidaktik course Seminar Young Adult Fiction language English abstract Teaching English as a foreign language means a great challenge which would certainly be answered by all English teachers in the affirmative Today every school in Germany offers English as school subject even the primary schools Consequently it must be put great emphasis on teaching it accurately by taking into consideration any aspect of English language acquisition

when learning it for example the acquisition of a distinctive vocabulary the ability to use grammar rules correctly the ability to spell correctly the ability to understand what is been said when native speakers talk in English which we call listening comprehension Another very important part of learning English as a foreign language is undisputedly reading comprehension The ability to read out correctly to understand what is been read and to be able to work with a text effectively is not only a competence that should be concentrated on in the foreign language but also in the mother tongue The PISA Study is a perfect proof of this which will be mentioned later on In this paper I will try to accentuate the importance and significance of reading in the English class In order to illustrate this I will introduce the novel A Thousand Splendid Suns by Khaled Hosseini an American author and doctor with Afghan origins and use it for the elaboration of the importance of reading activities in the English class Initially I will focus on the didactic analysis which includes the reference to the syllabus The syllabus is of course the signpost in terms of guidelines when planning the lessons choosing age appropriate media and methods What role does reading play in this context What is said in the syllabus when it comes to reading The next
