Constructing Logical Arguments: Theorems About Circles

Suitable for students
aged 11-13

This pack is suitable for learners aged 11-13 years old or 7th to 8th graders. The content covers fact files and relevant basic and advanced activities of theorems about circles that aim to develop and strengthen the learners' ability to construct logical arguments.

World Mental Health Day, observed on October 10th, promotes mental well-being awareness and stigma reduction. Constructing logical arguments and learning circle theorems involve systematic analysis, reflecting the value of structured thinking in supporting mental health awareness and challenging stigmas.

Constructing logical arguments in math involves using reasoning and evidence to support a claim or proposition, and to convince others of its validity.
