

A fluffy white chick is the central focus, positioned on a dark, textured background that resembles a night sky or a rough surface. The chick is facing slightly to the right. Overlaid on the chick is the text 'CYBER MONDAY' in a large, bold, blue, blocky font with a slight shadow effect. Below this, the word 'Background' is written in a smaller, white, sans-serif font. A faint, diagonal watermark reading 'twinkl.com' is visible across the center of the image.

Political Technology Andrew Wilson, 2023-12-14 Political technology is a Russian term for the professional engineering of politics. It has turned Russian politics into theatre and propaganda and metastasised to take over foreign policy and weaponise history. The war against Ukraine is one outcome. In the West, spin doctors and political consultants do more than influence media or run campaigns; they have also helped build parallel universes of alternative political reality. Hungary has used political technology to dismantle democracy. The BJP in India has used it to consolidate unprecedented power. Different countries learn from each other. Some types of political technology have become notorious, like troll farms or data mining, but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propaganda apps. This book shows that political technology is about much more than online disinformation; it is about whole new industries of political engineering.

Volumes deliver cutting-edge research and insights complementing the Academy's flagship journals, the *Journal of the Academy of Marketing Science* (JAMS) and *AMS Review*. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science.

Social Sector Communication Jaishri Jethwaney, 2024-07-22 Communication, advocacy, and outreach are germane to the success of any organisation working in the social sector. This book provides a robust conceptual framework that is required to understand the demands of the sector and suggests strategies and tools for those engaged in social sector communication. This book not only highlights the theoretical underpinnings, practice, and skill of social sector communications in India but also provides an understanding of various skills and approaches required in communication, including social marketing, media advocacy, social mobilisation, grassroots communication, and corporate social responsibility (CSR). With the aid of case studies, it offers suggestions on how to plan campaigns, write a concept note, field report, and press release, and effectively use social media to achieve developmental programme goals. This revised edition discusses the different perspectives of NGOs and programme implementers and helps in understanding the corporate-NGO interface vis-à-vis CSR.
